

Oracle® Fusion Middleware

Enterprise Deployment Guide for Oracle Identity Management

11g Release 1 (11.1.1.6)

E12035-09

March 2012

This document is a replacement for *Oracle Fusion Middleware Enterprise Deployment Guide for Oracle Identity Management* for Oracle Fusion Middleware 11g Release 1 (11.1.1.6).

1 Deploying Identity Management in an Enterprise

The *Oracle Fusion Middleware Enterprise Deployment Guide for Oracle Identity Management* is not available in this release.

The topologies defined in the *Oracle Fusion Middleware Enterprise Deployment Guide for Oracle Identity Management* require both Oracle Identity Management components and Oracle Identity and Access Management components to reside in the same domain.

However, only the Oracle Identity Management components have been updated for Oracle Fusion Middleware 11g Release 1 (11.1.1.6.0), and 11g Release 1 (11.1.1.6.0) components cannot be configured in the same domain with 11g Release 1 (11.1.1.5.0) components. This follows the general domain interoperability rule defined in the *Oracle Fusion Middleware Interoperability and Compatibility Guide*.

For more information, refer to the following sections of the *Oracle Fusion Middleware Interoperability and Compatibility Guide*:

- "Interoperability Between Oracle Identity Management Components and Oracle Identity and Access Management Components"
- "Patch Set Interoperability Between Oracle Identity Management and Oracle Identity and Access Management"

If you need to deploy Identity Management in an enterprise using the topology defined in the *Oracle Fusion Middleware Enterprise Deployment Guide for Oracle Identity Management*, then use the Oracle Fusion Middleware 11g Release 1 (11.1.1.5) software components, and refer to the *Oracle Fusion Middleware Enterprise Deployment Guide for Oracle Identity Management* for that release, at

http://docs.oracle.com/cd/E21764_01/core.1111/e12035/toc.htm

2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at
