# Oracle® Banking Corporate Lending Process Management Initial Setup Guide

Oracle Banking Corporate Lending Process Management Initial Setup Guide, Release 14.8.1.0.0

G43268-01

Copyright © 2018, 2025, Oracle and/or its affiliates.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle®, Java, MySQL, and NetSuite are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Inside are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Epyc, and the AMD logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

# **Preface**

This topic contains following sub-topics:

- Purpose
- Acronyms and Abbreviations
- Audience
- Basic Actions
- Critical Patches
- Conventions
- · Diversity and Inclusion
- <u>Documentation Accessibility</u>
- Related Resources
- Screenshot Disclaimer
- Symbols and Icons

# Purpose

This guide would help you to setting up initial configuration for Oracle Banking Corporate Lending Process Management application. This document steps have to be completed for Oracle Banking Corporate Lending Process Management application to run.

# Acronyms and Abbreviations

The list of the acronyms and abbreviations used in this guide are as follows:

Table 1 Acronyms and Abbreviations

Abbreviation	Description
LDAP	Lightweight Directory Access Protocol

## **Audience**

This document is intended for the following Users/User Roles:

Table 2 Audience

Roles	Functions
WebLogic admin or Ops-web team	Who install the Oracle Financial Services Software Limited (OFSS) banking products.

# **Basic Actions**

**Table 3** List of Basic Actions

Action	Description
Approve	Click <b>Approve</b> to approve the initiated report. This button is displayed, once the user click <b>Authorize</b> .
Audit	Click <b>Audit</b> to view the maker details, checker details of the particular record, and record status.  This button is displayed only for the records that are already created.
Authorize	Click <b>Authorize</b> to authorize the record created. A maker of the screen is not allowed to authorize the report. Only a checker can authorize a record. This button is displayed only for the already created records.
Close	Click <b>Close</b> to close a record.  This action is available only when a record is created.
Confirm	Click Confirm to confirm the performed action.
Cancel	Click Cancel to cancel the performed action.
Compare	Click <b>Compare</b> to view the comparison through the field values of old record and the current record.  This button is displayed in the widget, once the user click <b>Authorize</b> .
Collapse All	Click <b>Collapse All</b> to hide the details in the sections. This button is displayed, once the user click <b>Compare</b> .
Expand All	Click <b>Expand All</b> to expand and view all the details in the sections.  This button is displayed, once the user click <b>Compare</b> .
New	Click <b>New</b> to add a new record. The system displays a new record to specify the required data.  ( <b>Note:</b> The fields which are marked with Required are mandatory.)
ок	Click <b>OK</b> to confirm the details in the screen.
Save	Click <b>Save</b> to save the details entered or selected in the screen.
View	Click <b>View</b> to view the report details in a particular modification stage. This button is displayed in the widget, once the user click <b>Authorize</b> .
View Difference only	Click <b>View Difference only</b> to view a comparison through the field element values of old record and the current record, which has undergone changes. This button is displayed, once the user click <b>Compare</b> .

# **Critical Patches**

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at <u>Critical Patches</u>, <u>Security Alerts and Bulletins</u>. All critical patches should be applied in a timely manner to make sure effective security, as strongly recommended by <u>Oracle Software Security Assurance</u>.

## Conventions

The following text conventions are used in this document:

Table 4 Conventions

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
italic	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

# **Diversity and Inclusion**

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

# **Documentation Accessibility**

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <a href="http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc">http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc</a>.

#### **Access to Oracle Support**

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

# Symbols and Icons

The following symbols and icons are used in the screens.

Table 5 Symbols and Icons - Common

Symbol/Icon	Function
J L	Minimize
г ¬	Maximize
×	Close
Q	Perform Search
•	Open a list
<b>+</b>	Add a new record
K	Navigate to the first record

Table 5 (Cont.) Symbols and Icons - Common

Symbol/Icon	Function
	Navigate to the last record
>1	
	Navigate to the previous record
4	
	Navigate to the next record
•	
	Grid view
器	
	List view
〓	
	Refresh
G	
	Calender
$\nabla$	Filter
,	
	Copy a record

Table 5 (Cont.) Symbols and Icons - Common

Symbol/Icon	Function
+	Click this icon to add a new row.
	Click this icon to delete an existing row.
₽	Click to view the created record.
:	Click to unlock, delete, authorize or view the created record.

Table 6 Symbols and Icons - Audit Details

Symbol/Icon	Function
00	A user
	Date and time
A	Unauthorized or Closed status
$\odot$	Authorized or Open status

Table 7 Symbols and Icons - Widget

Symbol/Icon	Function
<u>6</u>	Open status
	Unauthorized status
<del>C</del>	Closed status
	Authorized status

# Security Management System Initial Setup

Use this topic to setting up initial configuration of Security Management System (SMS).

After completing this you would be creating two users with default role. It is recommended to delete created user during this process and create your own user using valid role.

#### **Prerequisites**

Ensure to complete SMS Core service installation before you start SMS initial setup.

#### **SMS Initial Setup**

Collect INC mentioned in From-Path section in the below table and compile to respective schema. During compile it will prompt a window asking UserId followed by UserName, enter UserId and UserName.

Ensure provided user present in LDAP server.

Table 1-1 SMS Initial Setup

Script Name	From-Path	Compile To	Purpose
sms_initial_set up.sql	{Unzip OSDC}/ OBCLPM_14.x.0.0.0/ OBCLPM_INITIAL_ SETUP	SMS Schema	To create SMS roles and default users.
obclpm_initial_ setup.sql	{Unzip OSDC}/ OBCLPM_14.x.0.0.0/ OBCLPM_INITIAL_ SETUP	SMS Schema	To create default roles for loans.

# **Common Core Initial Setup**

Use this topic to setup the initial configuration for Common Core.

After completing this you would be creating one Branch called '000', one Bank called 0000, System date '13-APR-18'. It is recommended to delete created data during this process and create your own user using valid data

#### **Prerequisite**

Ensure to complete Common Core service installation before you start Common Core initial setup.

#### **Common Core Initial setup**

Collect INC mentioned in From-Path section in the below table and compile to respective schema.

Table 2-1 Common Core Initial setup

Script Name	From-Path	Compile To
cmc_initial_set up.sql	{Unzip OSDC}/ OBCLPM_14.x.0.0.0/ OBCLPM_INITIAL_ SETUP	Common Core Schema
