Purpose

This guide is designed to help acquaint you with the Oracle Banking application. This guide provides answers to specific features and procedures that the user need to be aware of the module to function successfully.

Audience

This document is intended for the following audience:

- Customers
- Partners

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to

build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
italic	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Related Resources

For more information on any related features, refer to the following documents:

- Oracle Banking Digital Experience Installation Manuals
- Oracle Banking Digital Experience Licensing Manuals

Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.

Acronyms and Abbreviations

The list of the acronyms and abbreviations used in this guide are as follows:

Table 1 Acronyms and Abbreviations

Abbreviation	Description
OBDX	Oracle Banking Digital Experience

Basic Actions

Most of the screens contain icons to perform all or a few of the basic actions. The actions which are called here are generic, and it varies based on the usage and the applicability. The table below gives a snapshot of them:

Table 2 Basic Actions and Descriptions

Action	Description
Back	In case you missed to specify or need to modify the details in the previous segment, click Back to navigate to the previous segment.
Cancel	Click Cancel to cancel the operation input midway without saving any data. You will be alerted that the input data would be lost before confirming the cancellation.
Next	On completion of input of all parameters, click Next to navigate to the next segment.
Save	On completion of input of all parameters, click Save to save the details.
Save & Close	Click Save & Close to save the data captured. The saved data will be available in View Business Product with <i>In Progress</i> status. You can work on it later by picking it from the View Business Product .
Submit	On completing the input of all parameters, click Submit to proceed with executing the transaction.
Reset	Click Reset to clear the data entered.
Refresh	Click Refresh to update the transaction with the recently entered data.
Download	Click Download to download the records in PDF or XLS format.

Symbols and Icons

The following are the symbols/icons you are likely to find in this guide:

Accounts

This topic describes how this application provides banks a platform to offer customers a rich online banking experience.

Current and savings accounts are the most basic and critical products of retail banking. Most banking customers hold either a current or a savings account with their banks. Banks, in turn, encourage the use of current or savings accounts as it results in a higher profit margin for the bank.

This application provides a platform by which banks are able to offer their customers an enriching online banking experience in performing activities on their accounts.

Through the online banking application, customers can perform various activities on their accounts. Customers can view account balances and statements, initiate service requests and perform other inquiries as well as perform financial transactions on their accounts.

Features Supported In the Application:

The retail accounts module of the application supports the following features:

- Overview Widget
- Current & Savings Accounts Summary
- Current & Savings Account Details
- Cheque Book Request
- Cheque Status Inquiry
- Stop/Unblock Cheque
- View Account Statement
- Request Statement
- Download Pre-Generated Statements

Pre-requisites

- Transaction access is provided to retail users
- CASA (Current and Savings Account) accounts are maintained in the host system under a party ID mapped to the user

Note

In application

- 1. Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, or Account Currency or Branch Code.
- 2. Bank can configure the fields to be shown as additional values in the accounts drop-down.
- 3. International Bank Account Number (IBAN) is now available in account searchable drop-down in place of current and savings account (CASA) number.

Overview Widget

This topic describes the Overview widget, which displays the customer's holdings across various account types, including Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments.

1.1 Overview Widget

This topic describes the Overview widget, which displays the customer's holdings across various account types, including Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments.

The Oracle Banking Digital Experience dashboard page displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments. It is a container and user can scroll from left to right, right to left. Each relationship card displays details specific to that account type. One such example is that of Current & Savings accounts.

On clicking on account type **Current & Savings card**, details of the current and savings accounts held with the bank are displayed on next page. The Current & Savings Accounts summary page provides users with a holistic view of all their both Islamic and Conventional accounts along with the basic details of each current & savings account.

General details such as the total count of current & savings accounts and the total current balance, are also displayed.

On Summary page the basic details of individual accounts are displayed as record. Each record displays basic information of the account which comprises of the account number, Available Balance, Current Balance, Product Name, Status and the **More Actions** menu.

(i) Note

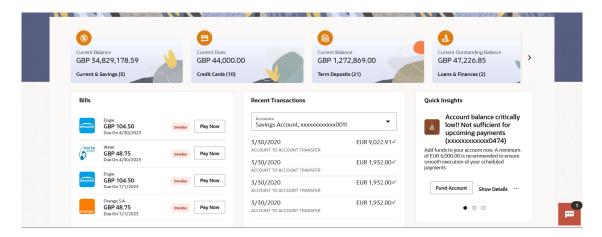

The Overview widget is available on both desktop and mobile (responsive) view.

If the Oracle Banking Digital Experience user does not have any Current & Savings accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a CASA account.

On the Dashboard, click Overview widget, and then click Current and Savings card.
 The Current & Savings Accounts Overview screen appears.

Figure 1-1 Overview widget

Current & Savings Accounts Summary

This topic describes the Current & Savings Accounts summary page, which provides users with a comprehensive overview of all their current and savings accounts held with the bank.

The Current & Savings Accounts summary page provides users with a holistic view of all their current and savings accounts held with the bank.

All the Current & Savings accounts of the user are listed as records. Each record comprises of information such as account number, status (only in case of dormant accounts), account nickname (if assigned), product name, current balance, and available balance. Click on the specific account to view further details of that account or view the summary of transactions undertaken through that account.

Note

- 1. If the retail user does not have any Current & Savings accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a CASA account. If the user does not have any Current & Savings accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a CASA account.
- The left swipe and Long Press gesture is implemented on mobile and tablets devices.

Long press gesture - Users can now press and hold down on a screen for an extended duration, which displays additional options or actions. This feature is available on Account Listing, which triggers Cheque Book Request, Request Statement actions.

The **More Actions** menu on the right top corner of the page lists the relevant allowed actions based on the module. The user can also navigate to other Current and Savings account related screens from the **More Actions** menu provided on the screen.

Utilizing the **Manage Columns** feature, users are empowered to tailor their display preferences to suit their individual needs. This includes the ability to handpick the columns they wish to see and rearrange them in the order that best aligns with their personal preferences. These customized preferences will be securely saved and persist for all subsequent logins, ensuring a seamless and personalized experience each time they access the platform.

Note

- The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
- The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

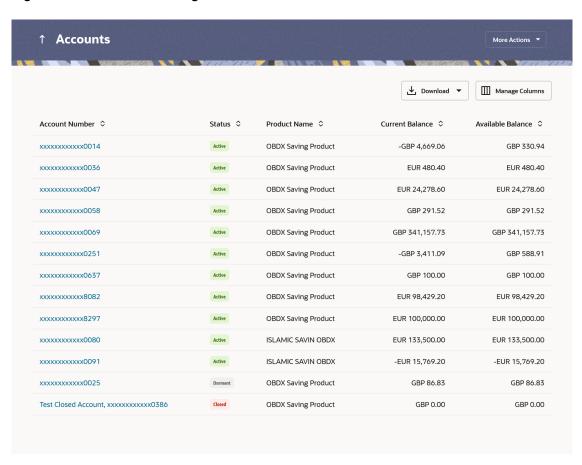

Perform anyone of the following navigation to access the **Current and Savings Summary** screen.

- From the Dashboard, click Toggle menu, click Menu, then click Accounts, and then click Current and Savings tab.
- From the Dashboard, click Overview widget, click Current and Savings card.
- From the Search bar, type Current & Savings Current & Savings and press Enter.
- Access through the Current and Savings tab available on footer of all pages.

The Accounts summary screen appears.

Figure 2-1 Current & Savings Accounts

The fields which are marked as Required are mandatory.

For more information on fields, refer to the field description table.

Table 2-1 Current & Savings Accounts - Summary - Field Description

Field Name	Description
Account Number	The account number in masked format.
	Click on the link to view the details or transactions summary of the account.
Nickname	The account nickname will be displayed under the Account Number column if a nickname is assigned to the account.
Status	If the account is in dormant state, the status tag 'Dormant' will be displayed against the account.

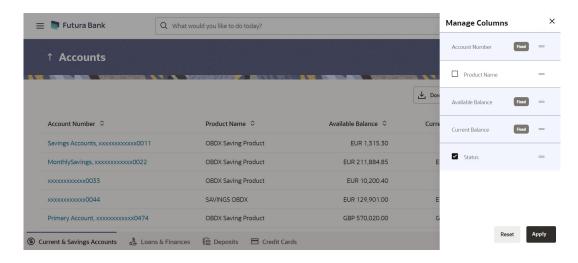

The summary page will only list active and dormant Current & Savings accounts.

Product Name	The name of the CASA product.
Current Balance	The current balance in the account.
Available Balance	The available balance in the account.

Perform one of the following actions:

- Click the More Actions menu to access other Current and Savings account related transactions.
- Click the Download icon to download the records in CSV & PDF format.
- Click the manage Columns icon to setup a column preference by rearranging or removing columns.

Figure 2-2 Current & Savings Accounts – Manage Columns setup

Perform one of the following actions:

- Click Apply to apply the new changes to the table.
- Click Reset to clear the data entered.

Current & Savings Account Details

This topic describes the account details screen and the pertinent information it displays for current and savings accounts.

The account details screen displays important information pertaining to a current or savings account such as the account holding pattern and the names of all the account holders, the current status of the account and the branch in which the account is held along with details on various balances and limits applicable on the account. The details are displayed under four main section **Account Details, Recent Transactions, Debit Cards**, and **Additional Information**. To navigate between the different sections, **Recent Transactions, Debit Cards**, and **Additional Information** the user can use the bookmark options available on top right corner.

The **Account Details** section provide general information about the account such as the current balance, nickname, status of the account and product name, unclear funds, and overdraft limit. The **Recent Transactions** sections displays the debit and credit entries along with each transaction amount and reference details. The **Debit Cards** section lists all the Debit Card/s linked to the account in the card form and also to apply for a new debit card on any of their accounts. The **Additional Information** section displays the account holding pattern and the names of all the account holders, the branch in which the account is held along with details on various balances and limits applicable on the account. It has feature to generate the QR to receive payment. Users can account details via a QR code, so that within-bank account holders can initiate payments using the Scan and Pay QR code functionality.

Note

- 1. This feature is available from scan to pay from both pre and post login case.
- 2. Desktop platforms support the **Download** function exclusively, and mobile platforms support both **Download** and **Share** functions.

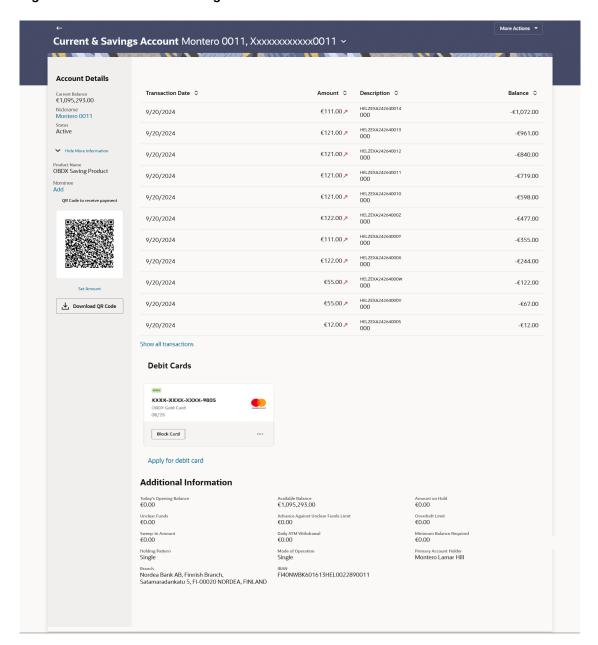

Perform anyone of the following navigation to access the Current & Savings Details screen.

- On the Dashboard, click Overview widget, click Current and Savings card, then click Current and Savings Account Number.
- From the Search bar, type Current & Savings Current & Savings Details and press Enter.
- From the Dashboard, click Toggle menu, click Menu, then click Accounts, and then click Current and Savings Accounts tab, and then click Current and Savings Account Number.

The **Current and Savings Account Details** screen appears.

Figure 3-1 Current and Savings Account Details

(i) Note

The fields which are marked as Required are mandatory.

- Click on the More Actions menu to access account related transactions.

Cheque Book Request

This topic provides the systematic instructions to users to request for a new cheque book online.

Cheques are the most widely used instruments that are used to make different kinds of payments. This feature is enabled only for those accounts for which cheque book facility is enabled.

Customers can specify the number of cheque books required, leaves per cheque book, cheque book type and also the delivery location as to where the cheque book is to be delivered, while initiating a cheque book request. User can access account related transactions on the kebab menu.

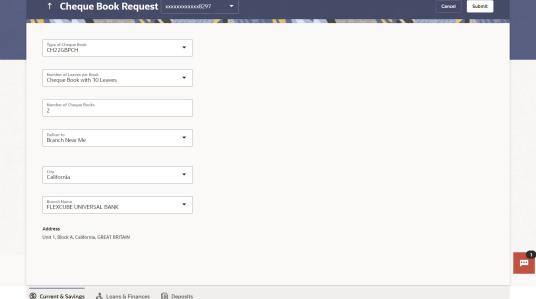

To request for a cheque book:

- 1. Perform anyone of the following navigation to access the **Cheque Book Request** screen.
 - From the Dashboard, click Toggle menu, click Menu, then click Accounts, and then click Current and Savings Accounts tab, and then click Current and Savings Account Number. From the Current & Savings Details page, click on the More Actions, and then click on the Cheque Book Request.
 - From the Search bar, type Current & Savings Cheque Book Request and press **Enter**
 - On the Dashboard, click Overview widget, click Current and Savings card, then click Current and Savings Account Number. From the Current & Savings Details page, click on the More Actions, and then click on the Cheque Book Request

The Cheque Book Request screen appears.

Figure 4-1 Cheque Book Request

Type of Cheque Bool CH22GBPCH

(i) Note

The fields which are marked as Required are mandatory.

For more information on fields, refer to the field description table.

Table 4-1 Cheque Book Request - Field Description

Field Name	Description
Account Number	Select the current or savings account number for which cheque book request is to be done. For more information on Account Nickname, refer Account Nickname section.
Type of Cheque Book	The type of cheque book required.

- **b.** Perform one of the following actions:
 - Click Apply to apply the search criteria.

The results of the cheque status inquiry appear.

Click Reset to clear the data entered.

Stop / Unblock Cheque

This topic provides the systematic instructions for user to stop payment on issued cheques.

Cheques are physical instruments used for the purpose of making payments. A customer might require to block a cheque payment in case the cheque has been lost or stolen. Hence it is critical to provide an option to stop such cheques so that they cannot be misused.

In order to request for a cheque to be stopped, the customer will have to specify the account number from which the cheque has been issued as well as the cheque number and the reason for which the request is being raised. In addition to requesting for a stop cheque on a specific cheque, the customer can also request for a stop cheque to be performed on a cheque series by specifying the cheque range.

Additionally customers can also request for a cheque or cheque range that has been stopped or blocked to be unblocked.

Both stop cheque as well as unblock cheque requests are online i.e. do not require manual intervention by a bank official and the specific cheque or cheque range is immediately stopped or unblocked based on the request raised.

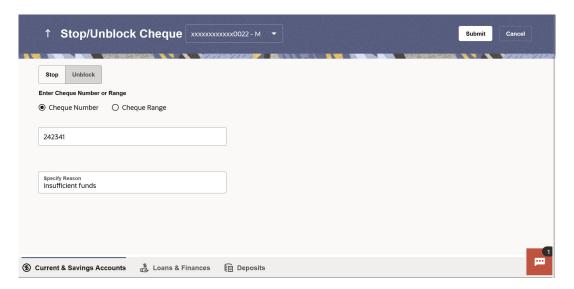

To stop or unblock cheque:

- 1. Perform anyone of the following navigation to access the **Stop / Unblock Cheque** screen.
 - From the Dashboard, click Toggle menu, click Menu, then click Accounts, and then click Current and Savings Accounts tab, and then click Current and Savings Account Number. From the Current & Savings Details page, click on the More Actions, and then click on the Stop / Unblock Cheque.
 - From the Search bar, type Current & Savings Stop / Unblock Chequeand press Enter.
 - On the Dashboard, click Overview widget, click Current and Savings card, then click Current and Savings Account Number. From the Current & Savings Details page, click on the More Actions, and then click on the Stop / Unblock Cheque.

The **Stop / Unblock Cheque** screen appears.

Figure 6-1 Stop / Unblock Cheque

Note

The fields which are marked as Required are mandatory.

For more information on fields, refer to the field description table.

Table 6-1 Stop / Unblock Cheque - Field Description

Account Nickname

This topic provides the systematic instructions for customer to assign a specific name to their current or savings accounts.

Customer can assign a specific name to a current or savings account. This is useful if customer wishes to remember accounts with a particular name instead of account numbers. Once a nickname is assigned to an account, it is displayed on various transactions instead of the standard account description. The application also allows customer to modify or delete the nickname whenever required.

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

Navigation Path:

From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Current and Savings Accounts** tab, and then click **Current and Savings Account Number**. From the **Current & Savings Details** page, goto **Account Details** section

To add/edit nickname against an account:

1. Navigate to the above path.

The Current & Savings Account Details screen appears.

Click on the Add link if nickname is not assigned to the account.

OR

Click on the nickname if nickname is already been assigned to modify the nickname.

The Add/Edit Nickname popup appears.

Figure 8-1 Add/Edit Nickname

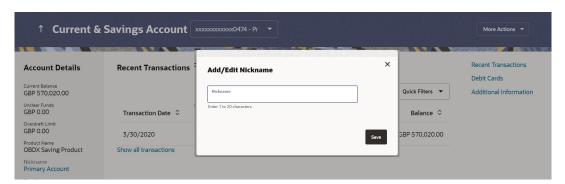

Table 8-1 Field Description

Field Name	Description
Nickname	Specify a nickname to be assigned to the account.
	If a nickname has already been assigned to the account, it will be displayed in editable mode.

- 3. In the **Nickname** field, enter the nickname you want to use.
- 4. Click **Save** to save your changes.

Nicknames will be displayed on various transactions instead of the standard account description.

OR

Click **Delete** to delete the nickname.

FAQ

- 1. What is the advantage of assigning a nickname to an account?

 You can personalize your account by giving it a nickname. This way you will be able to easily identify it when viewing account summary.
- Can I assign a nickname to a joint account?
 Yes, you can add nickname to any account of which you are the primary holder.
- 3. Can I have multiple debit cards linked to a CASA account?
 This depends on the features of the specific current or savings account. Generally, in joint accounts, both the primary account holder as well as the joint holder are provided a debit card each.
- 4. If a lost debit card is found and restored to the cardholder, can it be reactivated? If the card is hotlisted, it cannot be reactivated, you can make a request for a new debit card. However, if the card was blocked, it can be unblocked and reused.

Glossary

Account Activity

A banking term that refers to any activity that creates a debit or credit in an account. In a bank account, this would include deposits and withdrawals.

Administrator

Administrator can be an individual having the administrative rights of the system. He can be a internal user (Bank Administrator) or a external user with the limited administrative functionality (Corporate Administrator)
