Loans And Finances

This topic describes how the OBDX banking modules extend their functionality to accommodate Islamic accounts. Users of Islamic banks can utilize the portal to view account details, inquire about schedule details or disbursement details, and access other related services.

Islamic Banking is a Banking system that is based on the principles of sharia (Islamic law) and guided by the Islamic economics. The Shariah Laws provide guidance on each and every aspect of human life, and the laws which govern and guide financial and commercial transactions define Islamic Banking activities.

Islamic Finance is an amount of money that is financed by the bank for a certain period of time. Banks charge profit rate for the amount financed. Hence, Islamic Finance accounts are valuable income generating assets for banks. It is therefore important for banks to enrich the end user's servicing experience so as to increase user satisfaction and retention. In order to achieve this, banks are constantly making efforts to enhance the digital banking experience for their customers by introducing and revamping servicing features on the digital platform. `

The application provides a platform by which banks are able to offer their users an enriching digital banking experience in servicing their customers. Users can manage their banking requirements efficiently and effectively through the OBDX self-service channels.

Note

In application

1. Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, or Account Currency or Branch Code.
2. Bank can configure the fields to be shown as additional values in the accounts drop-down.
3. **Eligibility Calculator:** This feature is currently available for conventional loans only
4. **Installment Calculator:** This feature is currently available for conventional loans only

Features Supported In the Application

The loans and finances module of the OBDX application supports the following features:

- [Loans & Finances Widget](#)
- [Loans & Finances Summary](#)
- [View Loan & Finances Details \(Active and Closed\)](#)
- [Loan Repayment](#)
- [Loan Disbursement Inquiry](#)
- [Loan Schedule Inquiry](#)

- [Loan Statements](#)

Pre-requisites

- Transaction access is provided to retail user.
- Islamic Finance accounts are maintained in the core banking system under a party ID mapped to the user.
- [Overview Widget](#)
This topic describes the Overview widget, which displays the customer's holdings across various account types, including Current and Savings Accounts, Term Deposits, Loans, Investments, and Credit Cards.

1.1 Overview Widget

This topic describes the Overview widget, which displays the customer's holdings across various account types, including Current and Savings Accounts, Term Deposits, Loans, Investments, and Credit Cards.

The retail overview widget displays an overview of the customer's holdings with the bank. It is a container and user can scroll from left to right, right to left. Each relationship card displays details specific to that account type. One such example is that of **Loans & Finances**. The total count of the loan accounts that the customer holds with the bank is displayed along with the total amount outstanding across all the loans held by the customer on the loan card.

Clicking on the card, basic details of each individual loan account are displayed as records. Details comprises of the loan account number, the product name, maturity date, and current outstanding balance, status of account, sanctioned loan amount and the **More Actions** menu

① Note

The Overview widget is available on both desktop and mobile (responsive) view.

If the retail user does not have any Loan accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a Loan account.

- On the Dashboard, click **Overview** widget, and then click **Loans & Finances** card. The **Loans & Finances Accounts** summary screen appears.

All the loan accounts of the user are listed as records. Each record comprises of information such as the loan account number, account nickname (if assigned), product name, sanctioned loan amount, and current outstanding balance. Click on the specific account to view further details of that account or view the summary of transactions undertaken through that account.

Note

1. If the retail user does not have any Loan accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a Loan account.
2. The left swipe and Long Press gesture is implemented on mobile and tablets devices.

Long press gesture - Users can now press and hold down on a screen for an extended duration, which displays additional options or actions. This feature is available on Account Listing, which triggers Loan Repayment, Disbursement Inquiry, Schedule Inquiry functionalities.

The **More Actions** menu on the right top corner of the page lists the relevant allowed actions on the module. The user can navigate to other Loan & Finance screens by selecting the desired option from the **More Actions** menu provided on the screen.

utilizing the **Manage Columns** feature, users are empowered to tailor their display preferences to suit their individual needs. This includes the ability to handpick the columns they wish to see and rearrange them in the order that best aligns with their personal preferences. These customized preferences will be securely saved and persist for all subsequent logins, ensuring a seamless and personalized experience each time they access the platform.

Note

1. The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
2. The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

Disbursement Inquiry

This topic provides the systematic instructions to users to view disbursement details, including the disbursed amount, the disbursal date, and the total financed amount.

Some loan products such as personal loan and auto loan have single disbursement policies. Certain loan products such as housing loan or education loan have multiple disbursement policies.

Specially in case of multiple loan disbursements, the user needs to be aware of the disbursement details of the loan account. It helps the user to analyze the current position of the loan account as to how much is disbursed and how much is yet to be disbursed.

Using the **Manage Columns** feature, bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on **Manage Columns** option available on the screen, user can

- Rearrange columns
- Remove specific columns.

Note

- a. The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
- b. The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

Repayment

This topic describes the quick and convenient online loan and finance repayment option, which allows users to initiate payments against outstanding amounts using the digital banking platform.

Customers can make a payment equal to the installment amount, lower than or more than the installment amount of the loan account. If the amount is higher than the installment amount, it can be considered as partial payoff or full settlement (depending upon the penalties and charges settings at the host).

Note

If customer makes a payment equal to the total outstanding loan amount (inclusive of arrears), it may lead to settlement of the loan account, depending upon the configuration (premature penalty/any charges) at the host system.

To repay the loan partially or completely:

1. Perform anyone of the following navigation to access the **Loan & Finance Repayment** screen.
 - From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Loans & Finances** tab, and then click **Loans & Finances Account Number**. From the **Loans & Finance Details** page, click on the **More Actions**, and then click on the **Loan & Finance Repayment**.
 - From the Search bar, type **Loan & Finances – Loan & Finance Repayment** and press **Enter**.
 - On the Dashboard, click **Overview** widget, click **Loan & Finances** card, then click **Loans & Finances Account Number**. From the **Loans & Finance Details** page, click on the **More Actions**, and then click on the **Loan & Finance Repayment**.

The **Repayment** screen appears.

Account Nickname

This topic details the process by which customers can assign a specific name to their loan accounts.

This is useful if customer wishes to remember accounts with a particular name instead of account numbers. Once a nickname is assigned to an account, it is displayed on various transactions instead of the standard account description. The application also allows customer to modify or delete the nickname whenever required.

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

To add/edit nickname against an account:

1. Perform anyone of the following navigation to access the **Loan and Finance Details** screen.

From the Dashboard, click **Toggle menu**, click **Menu**, then click **Accounts**, and then click **Loan and Finances** . Under **Loan and Finances** , click **Loan and Finance Details**, then click Kebab menu, and then click **Add/Edit Nickname**

The **Loan and Finance Details** screen appears.

2. Click the  icon on the screen, and click **Add/Edit Nickname** option to add/edit nickname against an account.

The **Add/Edit Nickname** popup appears.
