Preface

This topic contains the following sub-topics:

- Purpose
- Audience
- Documentation Accessibility
- Critical Patches
- Diversity and Inclusion
- Conventions
- Screenshot Disclaimer

Purpose

This guide is to help with integration of Oracle Banking Origination with Docusign for e-signing of the documents in origination process.

Audience

This guide is intended for the Implementation and IT Staff to implement and maintain the software.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at <u>Critical Patches</u>, <u>Security Alerts and Bulletins</u>. All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by <u>Oracle Software Security Assurance</u>.

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
italic	Italic type indicates book titles, emphasis, or placeholder variables for which user supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that user enter.

Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

Integration Guide

This topic provides the information about the Docusign Integration Guide with Oracle Banking Origination.

User can integrate Oracle Banking Origination with Docusign for e-signing of the documents in origination process.

This document briefs about the specific steps needed for integration of these two products and specific maintenance.

This topic contains the following subtopics:

- Maintenance in Oracle Banking Routing Hub
 This topic describes the systematic instructions to maintain Oracle Banking Routing Hub
 Configuration for Oracle Banking Origination.
- <u>Maintenance in Oracle Banking Origination Preferences</u>
 This topic describes the systematic instructions to maintain **Origination Preferences** for **Oracle Banking Origination**.

1.1 Maintenance in Oracle Banking Routing Hub

This topic describes the systematic instructions to maintain Oracle Banking Routing Hub Configuration for Oracle Banking Origination.

This topic contains the following subtopics:

- Maintenance of Service Providers and Consumer Services
 This topic describes the systematic instructions to maintain Service Providers and Consumer Services for Oracle Banking Origination.
- <u>Maintenance of Environment Variables</u>
 This topic describes the systematic instructions to maintain Environment Variables in Oracle Banking Routing Hub Configuration for Oracle Banking Origination.

1.1.1 Maintenance of Service Providers and Consumer Services

This topic describes the systematic instructions to maintain **Service Providers** and **Consumer Services** for Oracle Banking Origination.

To maintain Oracle Banking Routing Hub configuration in common core for Oracle Banking Origination.

- On Home screen, click Core Maintenance. Under Core Maintenance, click Routing Hub.
- 2. Under Routing Hub, click Service Consumers.

The **Service Consumers** screen is displayed.

Figure 1-1 Service Consumers

Click Import and upload the RPM_ORIGINATION_Consumer.json file provided in the release and click Extract.

Figure 1-2 Success

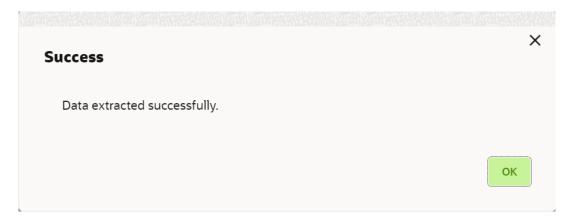

Figure 1-3 Success

4. Select **DOCUSIGN** ,and click **Import**.

Figure 1-4 Confirmation

Figure 1-5 RPM Origination

- 5. Click RPM_ORIGINATION.Under RPM_ORIGINATION, click DOCUSIGN. Click Edit.
- 6. Change the host and port as per the oracle **DOCUSIGN** installation and Click **save** .
- 7. Repeat the same steps for all the DOCUSIGN Service Providers.
- 8. The below consumer services will be imported.

Table 1-1 Consumer Service

Consumer Service	Description
Create_Docusign_Envelope	Usage: Create Docusign Envelope using different authetication
	Transformation: Create_Docusign_Envelope_No_Auth_Transfor m
	Create_Docusign_Envelope_Phone_Auth_Transform
	Create_Docusign_Envelope_AccessCode_Auth _Transform
	Create_Docusign_Envelope_IDV_Auth_Transfor m
	Create_Docusign_Envelope_KBA_Auth_Transform
	Get_JWT_Assertion
	Get_JWT_Access_Token_Transform
Create_Docusign_Recipients_View	Usage: To generate URL for In-Person signing
	Transformation:
	Create_Docusign_Recipients_View_Transform
	Get_JWT_Assertion
	Get_JWT_Access_Token_Transform
Void_Docusign_Envelope	Usage: Void created Docusign envelope
	Transformation:
	Void_Docusign_Envelope_Transform
	Get_JWT_Assertion
	Get_JWT_Access_Token_Transform
Download_Docusign_Documents	Usage : Download Signed Documents from Envelope
	Transformation: Download_Docusign_Documents_Transform
	Get_JWT_Assertion
	Get_JWT_Access_Token_Transform

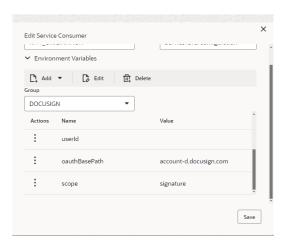

1.1.2 Maintenance of Environment Variables

This topic describes the systematic instructions to maintain Environment Variables in Oracle Banking Routing Hub Configuration for Oracle Banking Origination.

To maintain **Environment Variables** in Oracle Banking Routing Hub configuration for Oracle Banking Origination.

- From Home screen, click Core Maintenance. Under Core Maintenance, click Routing Hub.
- 2. Under Routing Hub, click Service Consumers.
- 3. Click Edit.

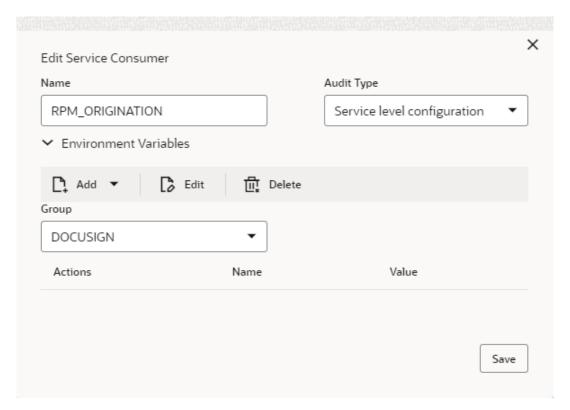

Figure 1-6 Edit Service Consumers

4. Under Environment Variables, add **DOCUSIGN** as new group.

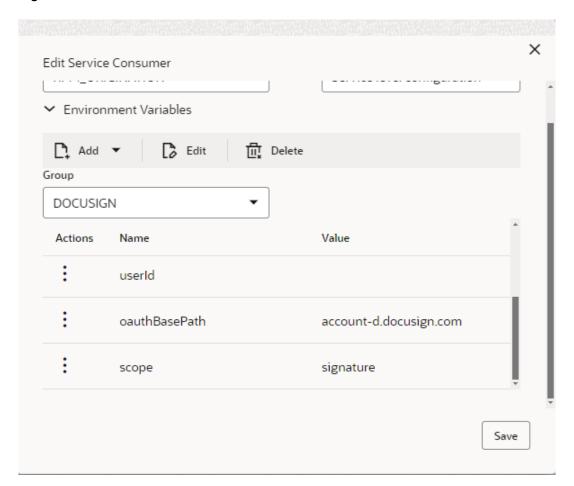

Figure 1-7 Add Group

- **5.** Add following as new variable and update respective values as per DOCUSIGN account and click **Save**.
 - a. accountld : <your_docusign_account_id>
 - b. recipientAuthMethod : default is NOAUTH
 - c. clientld: <your_integration_key>
 - d. userId: <your_user_id>
 - e. oauthBasePath: default is account-d.docusign.com (developer environment)
 - f. scope: default is signature

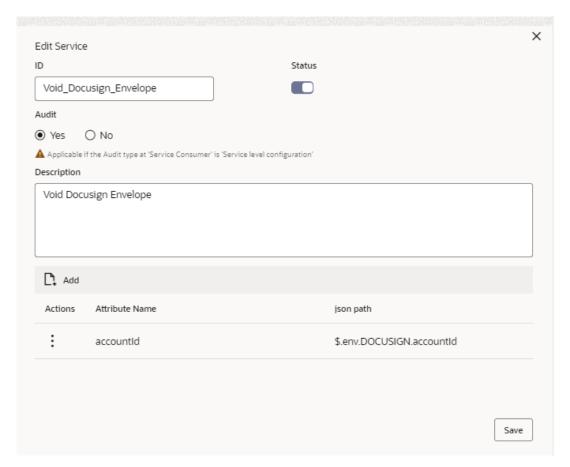

Figure 1-8 Add Variable

- Click RPM_ORIGINATION.
- 7. Under RPM_ORIGINATION, click Consumer Services.
- 8. For all consumer services, refer <u>Table 1-1</u> section.
 - a. Search Void_Docusign_Envelope.
 - b. Click Edit.
 - c. Add Account Id as new attribute, add json path and Click Save.

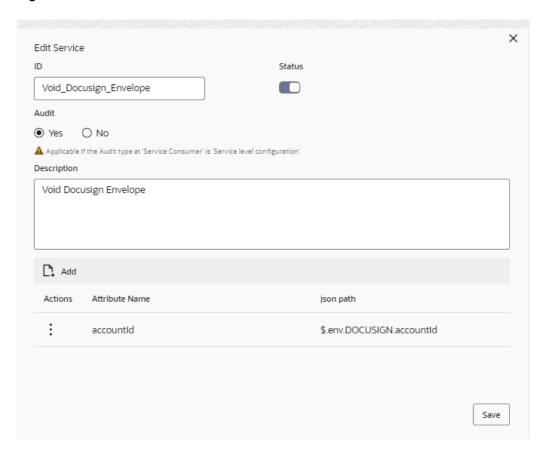

Figure 1-9 Add Attribute

- 9. Follow the below steps for Create_Docusign_Envelope consumer service.
 - a. Search Create_Docusign_Envelope.
 - b. Click Edit.
 - c. Add RECIPIENT_AUTH_METHOD as new attribute, add \$.env.DOCUSIGN.recipientAuthMethod json path and clickSave.

Figure 1-10 Edit Service

- d. Click Create_Docusign_Envelope Consumer service.
- e. Click Routing.
- f. Click **Edit** for Create_Docusign_Envelope_No_Auth_Route route.
- g. Click on Custom Rule. Click on Expression Editor.
- Add RECIPIENT_AUTH_METHOD as attribute (refer 9.c) and NOAUTH as value.Save.

Figure 1-11 Expression Editor

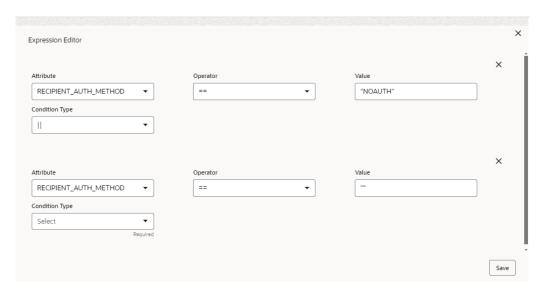

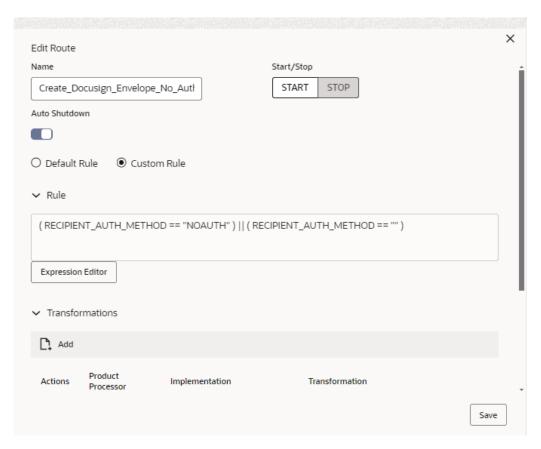

Figure 1-12 Saved Expression

. The figure above shows all other authentication routes,

Figure 1-13 Service Consumers

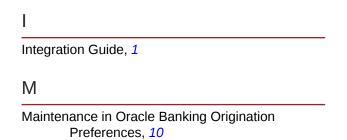

j. For all authentication routes, you should follow these steps (f, g, h, i) as shown on the expression screen.

1.2 Maintenance in Oracle Banking Origination Preferences

This topic describes the systematic instructions to maintain **Origination Preferences** for **Oracle Banking Origination**.

Refer the **Origination Preferences** in **Configuration User Guide** to configure the **Docusign Integration**.
