Preface

- [Purpose](#)
- [Audience](#)

This document is intended for the following audience:
- [Documentation Accessibility](#)
- [Critical Patches](#)
- [Diversity and Inclusion](#)
- [Structure](#)

This manual is organized into the following chapters:
- [Conventions](#)
- [Related Documents](#)
- [Acronyms and Abbreviations](#)
- [Screenshot Disclaimer](#)
- [Symbols and Icons](#)
- [Basic Actions](#)

Purpose

This manual is designed to help you quickly get acquainted with the Oracle Banking Trade Finance Process Management Cloud Service **Export LC Closure** process.

Audience

This document is intended for the following audience:

- Oracle Implementers
- Customer Service Representatives (CSRs)
- Oracle user

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

- [Access to Oracle Support](#)

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at Critical Patches, Security Alerts and Bulletins. All critical patches should be applied in a timely manner to make sure effective security, as strongly recommended by Oracle Software Security Assurance.

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Structure

This manual is organized into the following chapters:

- Preface: Preface gives information on the intended audience, structure, and related documents for this User Manual.
- Chapters: The subsequent chapters provide an overview to the module.
- Screen Shot Disclaimer - The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; information used in the interface or documents are dummy, it does not exist in real world, and its only for reference purpose.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Related Documents

For more information on any related features, you can refer to the following documents:

- Getting Started User Guide
- Oracle Banking Common Core User Guide

Acronyms and Abbreviations

The list of the acronyms and abbreviations that are used in this guide are as follows:

Table 1 Acronyms and Abbreviations

Abbreviation	Description
OBTFPM	Oracle Banking Trade Finance Process Management
LC	Letter of Credit
BC	Bankers Cheque
FX	Foreign Exchange
CCY	Currency
LCY	Local Currency
FCY	Foreign Currency
LOV	List of Values
CIF	Customer Information File
UDF	User Defined Fields
FFT	Free Format Text
SBLC	Standby Letter of Credit

Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

Basic Actions

Most of the screens contain Action Buttons to perform all or a few of the basic actions. The actions which are called here are generic, and it varies based on the usage and the applicability. The table below gives a snapshot of them:

Table 4 Common Action Buttons and its Definitions

Action Buttons	Description
Reject	<p>On click of Reject, user must select a Reject Reason from a list displayed by the system.</p> <p>Reject Codes are:</p> <ul style="list-style-type: none"> • R1- Documents missing • R2- Signature Missing • R3- Input Error • R4- Insufficient Balance/Limits • R5 - Others <p>Select a Reject code and give a Reject Description. This reject reason will be available in the remarks window throughout the process.</p>
Refer	<p>Select a Refer Reason from the values displayed by the system.</p> <p>Refer Codes are:</p> <ul style="list-style-type: none"> • R1- Documents missing • R2- Signature Missing • R3- Input Error • R4- Insufficient Balance/Limits • R5 - Others
Hold	<p>The details provided will be saved and status will be on hold. User must update the remarks on the reason for holding the task.</p> <p>This option is used, if there are any pending information yet to be received from applicant.</p>
Cancel	<p>Click Cancel to cancel the transaction input midway without saving any data.</p>
Save & Close	<p>Click Save & Close to save the details provided and holds the task in 'My Task' queue for further update. This option will not submit the request.</p>
Next	<p>Click Next, system validates if all the mandatory fields have been captured. Necessary error and override messages to be displayed. On successful validation, system moves the task to the next data segment.</p>
Submit	<p>Click Submit to complete the transaction after you specify all the input parameters for a particular process. The task will get moved to next logical stage of the process. If mandatory fields have not been captured, system will display an error message until the mandatory fields data are provided.</p>

1

Export LC Closure

This chapter is documented to get familiar with the Export LC Closure process of Oracle Banking Trade Finance Process Management Cloud Service.

Export LC Advised by the bank may be outstanding in the system past their Expiry Date and the outstanding LC can be closed either automatically on a pre-determined schedule or manually.

In the following sections, let's look at the details for Export LC closure process.

This topic contains following subtopics:

- [Common Initiation Stage](#)
This topic provides the systematic instructions to initiate the **Export LC Closure** request.
- [Registration](#)
This topic provides the systematic instructions to initiate the Registration stage of **Export LC Closure** request.
- [Data Enrichment](#)
This topic provides the systematic instructions to initiate the Data Enrichment stage of Export LC Closure request.
- [Multi Level Approval](#)
This topic helps you quickly get acquainted with the Multi Level Approval process.
- [Handoff](#)
This chapter is documented to get familiar with the Handoff stage of Export LC Closure process.

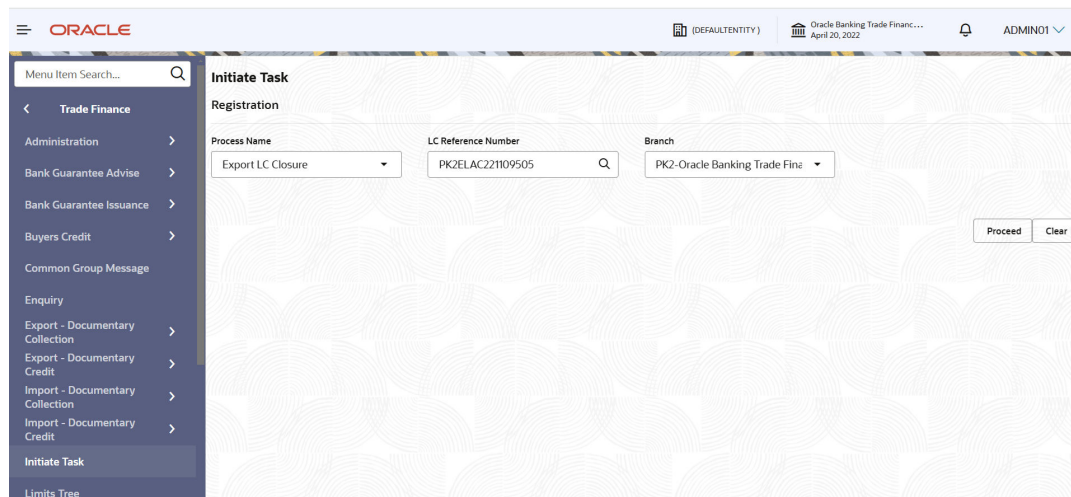

1.1 Common Initiation Stage

This topic provides the systematic instructions to initiate the **Export LC Closure** request.

Specify **User ID** and **Password**, and login to **Home** screen.

1. On **Home** screen, click **Trade Finance**. Under **Trade Finance**, click **Initiate Task**.
The **Initiate Task** screen appears.

Figure 1-1 Initiate Task

2. On **Initiate Task** screen, specify the fields.

 **Note:**
The fields which are marked as **Required** are mandatory.

For more information on fields, refer to the field description table below.

Table 1-1 Initiate Task - Field Description

Field	Description
Process Name	Select a process name from the drop-down list.
Branch	Select the required branch code from the drop-down list.

For more information on action buttons, refer to the field description table below.

Table 1-2 Action Buttons - Field Description

Field	Description
Proceed	Task will get initiated to next logical stage.
Clear	Click to clear the contents update and enter the values again.

3. Click **Proceed** to proceed to the next step.

1.2 Registration

This topic provides the systematic instructions to initiate the Registration stage of **Export LC Closure** request.

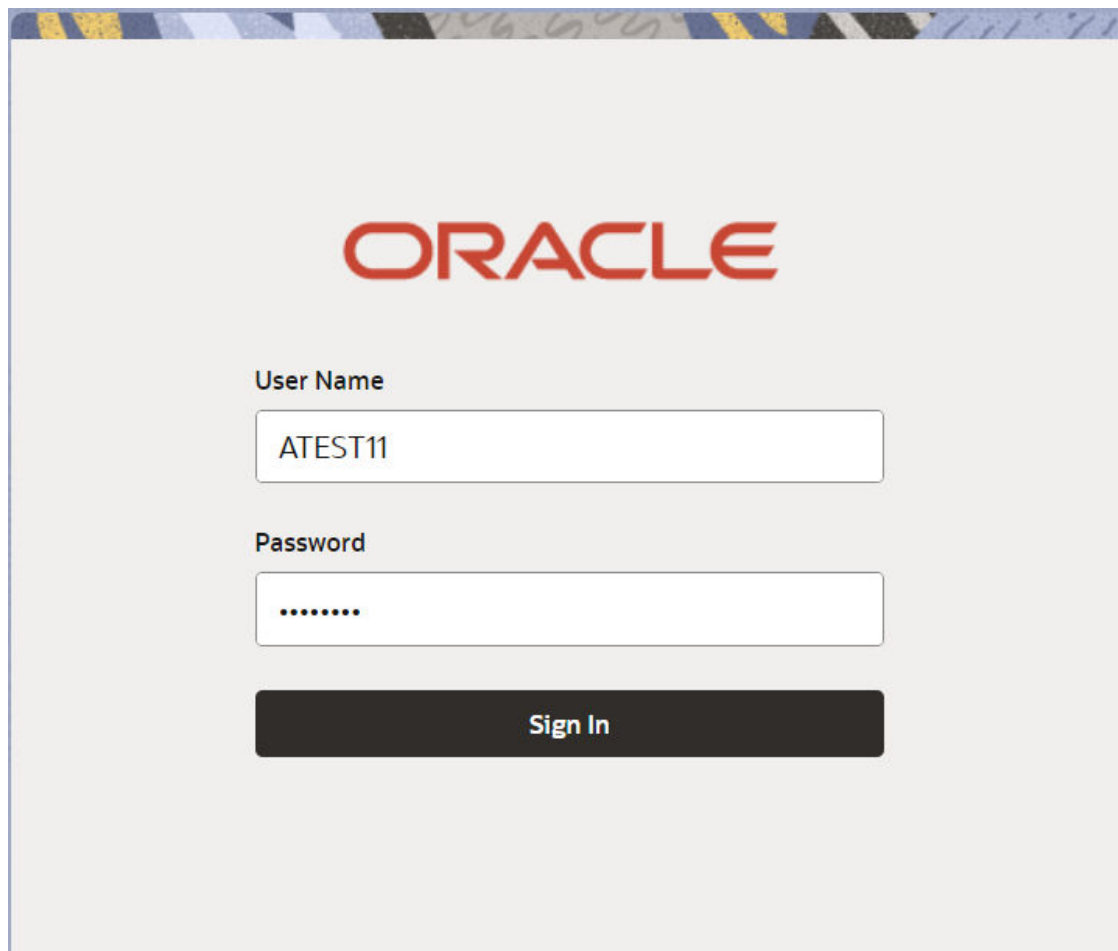

User can register request for Export LC closure in the Registration stage. During Registration stage, user can capture the basic details of the application and upload the related documents of the applicant. On submit of the request, the request will be available for an LC expert to handle the request in the next stage. The OBTFPMCS user can process MT798 with sub

messages MT726-MT759 message received through SWIFT. The OBTFPMCS verifies the field 21 and 26E (of the MT759 and identifies the Original Contract Reference Number and Amendment Number and invokes the process. The user can cancel the previously received MT798 referenced message which is under process.

The OBTFPMCS user can process incoming MT798(up to a maximum of 8 messages) with sub messages MT788-MT799 message received through SWIFT and enables the user to cancel the previously received MT798 referenced message which is under process.

Specify **User ID** and **Password**, and login to **Home** screen.

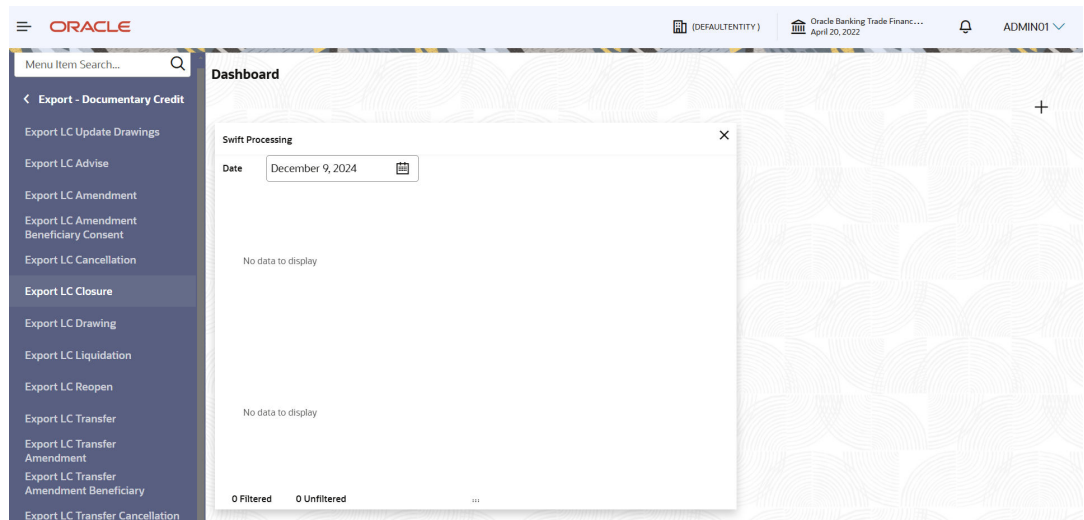

Figure 1-2 Login Screen

The screenshot shows the Oracle login interface. At the top center is the Oracle logo in red. Below the logo, there are two input fields. The first is labeled 'User Name' and contains the text 'ATEST11'. The second is labeled 'Password' and contains seven dots. Below these fields is a black button with the text 'Sign In' in white.

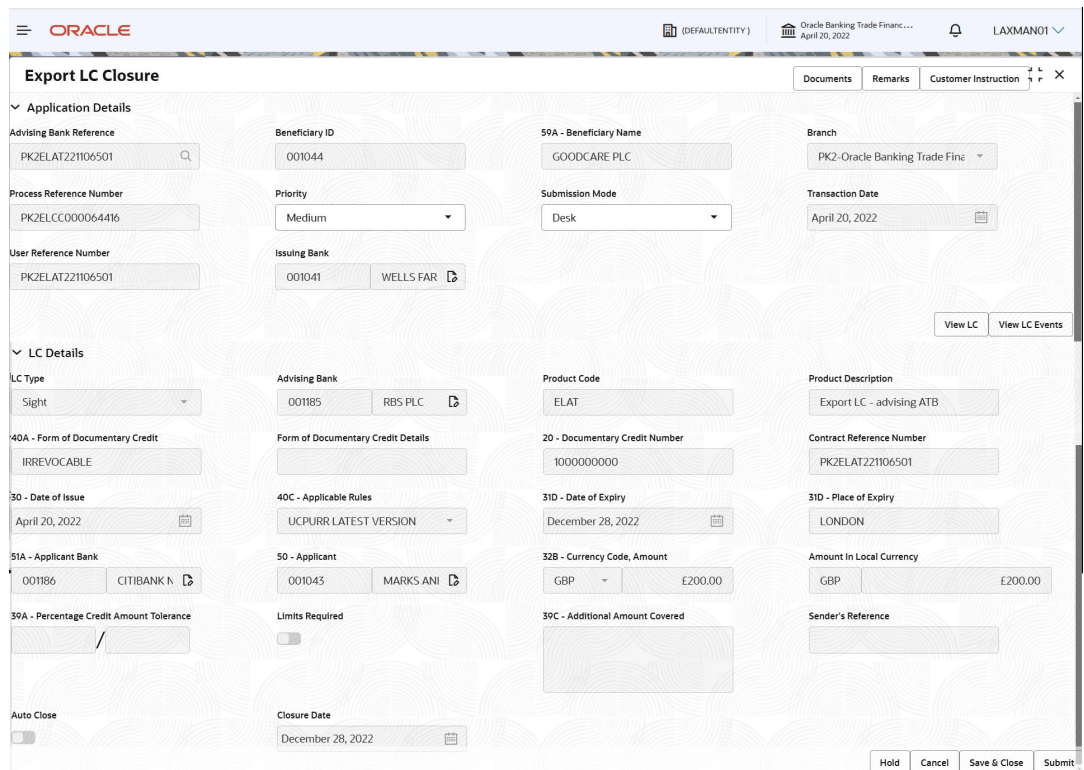

1. On **Home** screen, click **Trade Finance**. Under **Trade Finance**, click **Export Documentary Credit**.
2. Under **Export Documentary Credit**, click **Export LC Closure**.

Figure 1-3 Export LC Closure

The **Export LC Closure - Registration** screen appears. The Export LC Closure - Registration stage has two sections Application Details and LC Details. Let's look at the details of Registration screens below:

Figure 1-4 Export LC Closure - Registration - Application Details

3. On **Export LC Closure - Registration - Application Details** screen, specify the fields.

 **Note:**

The fields which are marked as **Required** are mandatory.

For more information on fields, refer to the field description table below.

Table 1-3 Export LC Closure - Registration - Application Details - Field Description

Field	Description
Advising Bank Reference	<p>Click Search to search and select the advising bank reference number from the look-up. Alternatively, specify the advising bank reference number of the LC to be closed.</p> <p>In the look-up search, user can specify the Advising Bank Ref, Customer Id, Currency, Amount, User Reference, and Issuing Bank Reference to fetch the Export LC details. System displays all the Export LC's outstanding against the given Applicant-beneficiary combination which are active and not closed.</p>

Beneficiary Name	<p>Read only field.</p> <p>Beneficiary name will be auto-populated from the value available in LC.</p>
Branch	<p>Read only field.</p> <p>Branch details will be auto-populated based on the Export LC details.</p>
Process Reference Number	<p>Unique sequence number for the transaction.</p> <p>This is auto generated by the system based on process name and branch code.</p>
Priority	<p>System populates the priority of the customer based on priority maintenance, also enables the user to change the priority as per the requirement.</p> <p>Set the priority of the Export LC Closure request as Low/Medium/High. If priority is not maintained for a customer, 'Medium' priority will be defaulted.</p>

Table 1-3 (Cont.) Export LC Closure - Registration - Application Details - Field Description

Field	Description
Submission Mode	<p>System populates the submission mode of Export LC Closure request.</p> <p>By default the submission mode will have the value as 'Desk', for the transactions created via registration. User can change the defaulted priority.</p> <p>The submission mode are:</p> <ul style="list-style-type: none"> • Courier - Request received through Courier • Desk - Request received through Desk • Email - Request received through Email • Fax - Request received through Fax
Transaction Date	<p>By default, the application will display branch's current date.</p> <p>User cannot change the date to a back date or a future date. System should change the date to branch date as on approval if the task is approved on a date later than the registration date.</p>
User Reference Number	<p>Read only field.</p> <p>User reference number will be auto-populated by the system based on selected Export LC.</p>
Issuing Bank	<p>Read only field.</p> <p>Issuing Bank details is auto-populated based on the value available in Export LC.</p>

LC Details

Registration user can view the latest LC values defaulted in the respective fields in the LC Details section. All the fields in this section is read only.

The screenshot displays the 'LC Details' form with the following fields and values:

- LC Type:** Sight
- Advising Bank:** 001185 RBS PLC
- Product Code:** ELAT
- Product Description:** Export LC - advising ATB
- 40A - Form of Documentary Credit:** IRREVOCABLE
- Form of Documentary Credit Details:** (Empty)
- 20 - Documentary Credit Number:** 1000000000
- Contract Reference Number:** PK2ELAT221106501
- 30 - Date of Issue:** April 20, 2022
- 40C - Applicable Rules:** UCPURR LATEST VERSION
- 31D - Date of Expiry:** December 28, 2022
- 31D - Place of Expiry:** LONDON
- 51A - Applicant Bank:** 001186 CITIBANK N
- 50 - Applicant:** 001043 MARKS ANI
- 32B - Currency Code, Amount:** GBP £200.00
- Amount In Local Currency:** GBP £200.00
- 39A - Percentage Credit Amount Tolerance:** (Empty)
- Limits Required:** (Toggle off)
- 39C - Additional Amount Covered:** (Empty)
- Sender's Reference:** (Empty)
- Auto Close:** (Toggle off)
- Closure Date:** December 28, 2022

Buttons at the bottom right: Hold, Cancel, Save & Close, Submit.

4. On **Export LC Closure - LC Details** screen, specify the fields.

 **Note:**

The fields which are marked as **Required** are mandatory.

For more information on fields, refer to the field description table below.

Table 1-4 Export LC Closure - Registration - LC Details - Field Description

Field	Description
LC Type	Read only field. LC type is auto-populated based on the latest LC details.
Advising Bank	Read only field. This field displays the advising bank details of the selected Export LC.
Product Code	Read only field. This field displays the product code used during issuance.
Product Description	Read only field. This field displays the description of the product as per the product code displayed as in export LC advice.
40A - Form of Documentary Credit	Read only field. This field displays the form of documentary credit details available in Export LC.
Form of Documentary Credit Details	Read only field. This field displays the form of documentary credit details, if confirmation details are received from advising bank.
20 - Documentary Credit Number	Read only field. This field displays the documentary credit number as available in export LC.
Contract Reference Number	Read only field. This field displays the 'Reference number' provided by the beneficiary bank. The unique Customer Reference Number which will be the User Reference Number in LC.
Date of Issue	Read only field. This field displays the LC issuance date.
Applicable Rules	Read only field. This field displays the rules of the selected export LC as per the latest LC details.

Table 1-4 (Cont.) Export LC Closure - Registration - LC Details - Field Description

Field	Description
Date of Expiry	Read only field. This field displays the expiry date as per the latest LC details. The Export LC should be allowed to be closed only if the LC is expired.
Place of Expiry	Read only field. This field displays the place of expiry as per the latest LC details.
Applicant Bank	Read only field. This field displays the applicant bank details as per the latest LC details.
Applicant	Read only field. This field displays the details of the applicant as per the latest LC details.
Currency Code, Amount	Read only field. This field displays the details of the currency code and LC amount as per the latest LC details.
Amount In Local Currency	Read only field. System fetches the local currency equivalent value for the LC amount from back office (with decimal places).

Submit	The task will move to next logical stage of Export LC Closure. If mandatory fields have not been captured, system will display an error message until the mandatory fields data are provided.
Checklist	Click to view the list of items that needs to be completed and acknowledge. If mandatory checklist items are not selected, system will display an error on submit.

1.3 Data Enrichment

This topic provides the systematic instructions to initiate the Data Enrichment stage of Export LC Closure request.

On successful completion of Registration of an Export LC Closure request, the task moves to Data Enrichment stage. At this stage the gathered information during Registration are scrutinized.

As a part of Data Enrichment, the user can review and input/enrich Export LC closure request. The user can also verify the basic details of closure request and can verify if the request can be progressed further. The transaction will have the details entered during the registration stage.

 **Note:**

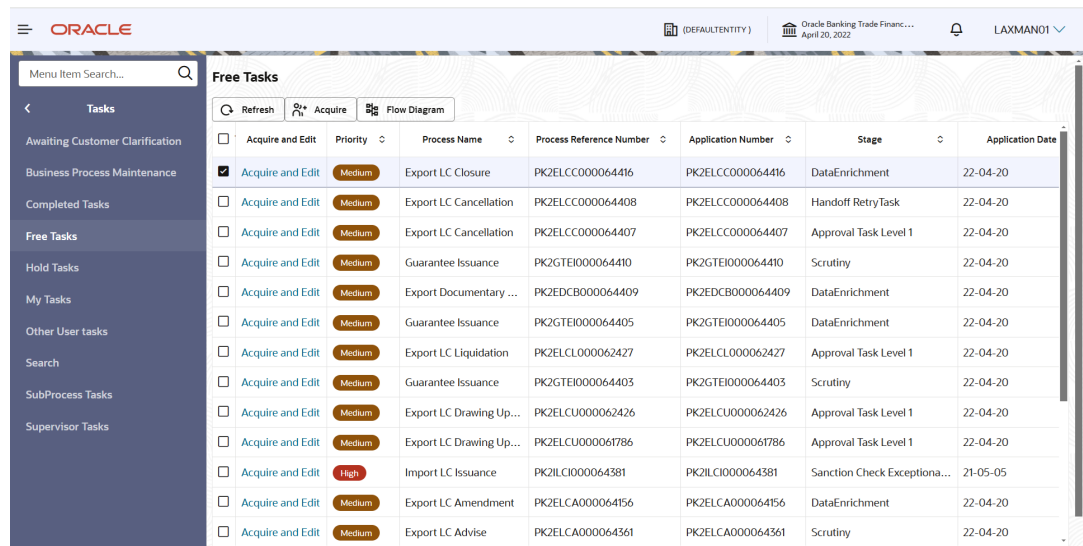

For expired line of limits, the task moves to “Limit Exception” stage under Free Tasks, on ‘Submit’ of DE Stage with the reason for exception as “Limit Expired”.

Do the following steps to acquire a task which completed the registration and currently at Data enrichment stage.

Specify **User ID** and **Password**, and login to **Home** screen.

1. On **Home** screen, click, **Task**.
2. Under **Task**, click **Free Task**.

The Data Enrichment stage has the following hops for data capture:

- [Main Details](#)
- [Additional Fields](#)
- [Advices](#)
- [Additional Details](#)
- [Settlement Details](#)
- [Summary](#)

Let's look at the details for Data Enrichment stage. User can enter/update the fields in Data Enrichment stage. Some of the fields that are already having value from Registration/online channels may not be editable.

- [Main Details](#)
This topic provides the systematic instructions to initiate the main details of Data Enrichment stage of Export LC Closure request.
- [Additional Fields](#)
This topic provides the systematic instructions to capture the additional fields.
- [Advices](#)
This topic provides the systematic instructions to capture the advices details of Export LC Closure process.
- [Additional Details](#)
This topic provides the systematic instructions to capture the additional details in Scrutiny stage of Export LC Closure process.
- [Settlement Details](#)
This topic provides the systematic instructions to capture the settlement details of Export LC Closure request.
- [Summary](#)
This topic provides the systematic instructions to view the summary details in Scrutiny stage of Export LC Closure request.

1.3.1 Main Details

This topic provides the systematic instructions to initiate the main details of Data Enrichment stage of Export LC Closure request.

Main details section has two sub section as follows:

- Application Details
- LC Details.

Application Details

All fields displayed under Application Details section, would be read only except for the 'Priority'.

1. On **Main Details** screen, specify the fields that were not entered at Registration stage.

Figure 1-7 Main Details

The screenshot shows the Oracle Data Enrichment interface for an Export LC Closure request. The main details are organized into two primary sections: Application Details and LC Details. The Application Details section contains fields for Advising Bank Reference (PK2ELAT221106501), Beneficiary ID (001044), 59A - Beneficiary Name (GOODCARE PLC), Branch (PK2-Oracle Banking Trade Fina), Process Reference Number (PK2ELCC000064416), Priority (Medium), Submission Mode (Desk), Transaction Date (April 20, 2022), User Reference Number (PK2ELAT221106501), Issuing Bank (001041 WELLS FAR), and 50B Non Bank Issuer. The LC Details section includes LC Type (Sight), Advising Bank (001185 RBS PLC), Product Code (ELAT), Product Description (Export LC - advising ATB), 40A - Form of Documentary Credit (IRREVOCABLE), Form of Documentary Credit Details, 20 - Documentary Credit Number (1000000000), Contract Reference Number (PK2ELAT221106501), 30 - Date of Issue (April 20, 2022), 40C - Applicable Rules (UCPURR LATEST VERSION), 31D - Date of Expiry (December 28, 2022), 31D - Place of Expiry (LONDON), 51A - Applicant Bank (001186 CITIBANK N), 50 - Applicant (001043 MARKS ANI), 32B - Currency Code, Amount (GBP, £200.00), Amount in Local Currency (GBP, £200.00), 39A - Percentage Credit Amount Tolerance, Limits Required (unchecked), 39C - Additional Amount Covered, and Sender's Reference. The Closure Date is set to December 28, 2022. The bottom of the screen features an 'Audit' button and a row of action buttons: Request Clarification, Reject, Refer, Hold, Cancel, Save & Close, and Next.

For more information on fields, refer to the field description table below.

Table 1-6 Export LC Closure - Main Details - Application Details - Field Description

Field	Description
Advising Bank Reference	Read only field. The value is auto-populated from the Registration stage.
Beneficiary ID	Read only field. Beneficiary ID is auto-populated from the value available in LC.
Beneficiary Name	Read only field. Beneficiary name will be auto-populated from the value available in LC.
Branch	Read only field. Branch details will be auto-populated based on the selected Export LC.
Process Reference Number	Read only field. Unique sequence number for the transaction. This is auto generated by the system based on process name and branch code.
Priority	System populates the priority of the customer based on priority maintenance, also enables the user to change the priority as per the requirement. Set the priority of the Export LC Closure request as Low/Medium/High. If priority is not maintained for a customer, 'Medium' priority will be defaulted.
Submission Mode	Read only field. System populates the submission mode of Export LC Closure request. By default the submission mode will have the value as 'Desk'.
Closure Date	By default, the application will display branch's current date.
User Reference Number	Read only field. User reference number will be auto-populated by the system based on selected Export LC.
Issuing Bank	Read only field. This field displays the issuing bank as available in LC.

LC Details

The fields listed under this section are same as the fields listed under the **LC Details** section in **Registration** stage. All fields displayed under LC Details section, would be read only.

Figure 1-8 LC Details

For more information on fields, refer to the field description table below.

Table 1-7 Export LC Closure - LC Details - Field Description

Field	Description
LC Type	Read only field. LC type is auto-populated based on the latest LC details.
Advising Bank	Read only field. This field displays the advising bank details of the selected Export LC.
Product Code	Read only field. This field displays the product code used during issuance.
Product Description	Read only field. This field displays the description of the product as per the product code displayed as in export LC advice.
40A - Form of Documentary Credit	Read only field. This field displays the form of documentary credit details available in Export LC.
Form of Documentary Credit Details	Read only field. This field displays the form of documentary credit details, if confirmation details are received from advising bank.
20 - Documentary Credit Number	Read only field. This field displays the documentary credit number as available in export LC.

Table 1-7 (Cont.) Export LC Closure - LC Details - Field Description

Field	Description
Contract Reference Number	Read only field. This field displays the 'Reference number' provided by the beneficiary bank. The unique Customer Reference Number which will be the User Reference Number in LC.
Date of Issue	Read only field. This field displays the LC issuance date.
Applicable Rules	Read only field. This field displays the rules of the selected export LC as per the latest LC details.
Date of Expiry	Read only field. This field displays the expiry date as per the latest LC details. The Export LC should be allowed to be closed only if the LC is expired.
Place of Expiry	Read only field. This field displays the place of expiry as per the latest LC details.
Applicant Bank	Read only field. This field displays the applicant bank details as per the latest LC details.
Applicant	Read only field. This field displays the details of the applicant as per the latest LC details.
Currency Code, Amount	Read only field. This field displays the details of the currency code and LC amount as per the latest LC details.
Amount In Local Currency	Read only field. System fetches the local currency equivalent value for the LC amount from back office (with decimal places).
Percentage Credit Amount Tolerance	Read only field. This field displays the details of the percentage credit amount tolerance as per the latest LC details.
Limits Required	Read only field. Limits Required (Y/N) will be auto-populated as per the latest LC details.
Additional Amount Covered	Read only field. This field displays the details of the additional amount covered as per the latest LC details.
Sender's Reference	Read only field. This field displays the sender's reference value as in underlying LC.

Table 1-7 (Cont.) Export LC Closure - LC Details - Field Description

Field	Description
Auto Close	Read only field. System default the value from the previous versions of the contracts.
Closure Date	Read only field. System default the value of closure date from the previous versions of the contracts.

1.4 Multi Level Approval

This topic helps you quickly get acquainted with the Multi Level Approval process.

The Approval user can approve a Export LC Closure transaction.

1. Log in into OBTFPMCS application and on **Home** screen, click, **Task**.
2. Under **Task**, click **Free Task**.
3. Select the appropriate task and click **Acquire & Edit** to edit the task or click **Acquire** to edit the task from **My Tasks**.
4. The acquired task will be available in **My Tasks** tab. Click **Edit** to approve the task.

The **Approval Re-Key** pop-up screen appears.

For non online channel, application will request approver for few critical field values as an authorization step. If the values captured match with the values available in the screen, system will allow user to open the transaction screens for further verification. If the re-key values are different from the values captured, then application will display an error message.

5. Open the task and re-key some of the critical field values from the request in the **Approval Re-Key** screen.

Re-key is applicable to the first approver in case of multiple approvers. All approvers will however be able see the summary tiles and the details in the screen by drill down from tiles.

6. Click **Proceed** to proceed for the approval.

The **Approval Summary** screen appears. The user can view the Summary tiles which displays list of important fields with values.

7. Click each tile to drill down from summary tiles into respective data segments to verify the details of all fields under the data segment.

 **Note:**

The user can simulate/recalculate charge details and during calling the handoff, if handoff is failed with error the OBTFM displays the Handoff failure error during the Approval of the task.

Approval Summary

The screenshot displays the Oracle Export LC Closure Approval Task Level 1 interface for Application No. PK2ELCC00063228. The interface is organized into several detail tiles:

- Main Details:** Form of LC : U, Submission Mode : Desk, Date of Issue : 2022-04-20, Date of Expiry : 2022-07-19.

This reject reason will be available in the remarks window throughout the process.</p>
Hold	<p>The details provided will be saved and status will be on hold. User must update the remarks on the reason for holding the task.</p> <p>This option is used, if there are any pending information yet to be received from applicant.</p>
Refer	<p>Select a Refer Reason from the values displayed by the system.</p> <p>Refer Codes are:</p> <ul style="list-style-type: none"> • R1- Documents missing • R2- Signature Missing • R3- Input Error • R4- Insufficient Balance/Limits • R5 - Others
Cancel	<p>Cancel the Approval stage inputs. The details updated in this stage are not saved. The task will be available in 'My Task' queue.</p>
Approve	<p>On approve, application must validate for all mandatory field values, and task must move to the next logical stage. If there are more approvers, task will move to the next approver for approval. If there are no more approvers, the transaction is handed off to the back end system for posting.</p>

8. Click **Approve**.

1.5 Handoff

This chapter is documented to get familiar with the Handoff stage of Export LC Closure process.

On Approve, the task is handed off to the back office for postings. In the back office, the relevant accounting entries are posted, advises are generated, charges and tax to be collected are posted.

In case there is a failure in Handoff, the task lands to retry handoff queue. The user can manually try to initiate handoff.
