This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

1

Preface

1.1 Introduction

This manual is designed to help you to quickly get familiar with the Reports module of Oracle Banking Trade Finance. It provides an overview of the module and takes you through the various steps to activate the reports.

Further obtain information specific to a particular field by placing the cursor on the relevant field and striking <F1> on the keyboard.

1.2 Audience

This Manual is intended for the Back office Managers/ Officers, Customer Service Representatives (CSRs) and staff in charge of setting up new products in your bank.

1.3 List of topics

This manual is organized into the following topics:

Topic	Description
Preface	Preface gives information on the intended audience. It also lists the various chapters covered in this User Manual.
Activation of Reports	This topic provides the steps for activation of Reports.
Module Wise Reports	This topic provides the details of module wise generated reports and explain their contents.

1.4 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

- [Access to Oracle Support](#)

1.4.1 Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.5 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.6 Related Documents

For further information on Reports, refer to the following Oracle Banking Trade Finance User Manuals:

- The Procedures User Manual
- The Core Services User Manual
- The Letters of Credit User Manual

1.7 Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

2

Activation of Reports

This topic contains the following subtopics:

1. [Activation of Menu](#)
 2. [Activation of Report Roles](#)
- [Activation of Menu](#)
This topic provides the systematic instructions to view activation of menu.
 - [Activation of Report Roles](#)
This topic provides the systematic instructions to view activate of report roles.

2.1 Activation of Menu

This topic provides the systematic instructions to view activation of menu.

Sample Reports can be activated in Menu in either of the two ways:

- Front End
- Back end

Front end activation of Sample Reports:

1. From the **Menu**, select **Security Management** and click **Maintenance** option.
2. Under **Maintenance**, select **Function Description** to load **Function Description Maintenance** (SMDFNDSC) screen.

To activate the report, **Available** field should be enabled in **SMDFNDSC** by modifying the record. Please modify and authorize the record.

The **Function Description Maintenance** screen is displayed.

Figure 2-1 Function Description Maintenance

3. Backend activation of Sample Reports:

Reports can be activated from backend by updating the static data of SMTB_MENU Available column to '1' for all the reports.

```
SELECT * FROM SMTB_MENU WHERE FUNCTION_ID='STRCIF'
```

HO_FUNCTION	FUNCTION_ID	EXECUTABLE_NAME	EXECUTABLE_TYPE	AVAILABLE	AEOD_AWARE	LOG_EVENT	CUST_ACCESS	MENU
1	N	STRCIF	STRCIF	F	1	1	1	0 REPOF

2.2 Activation of Report Roles

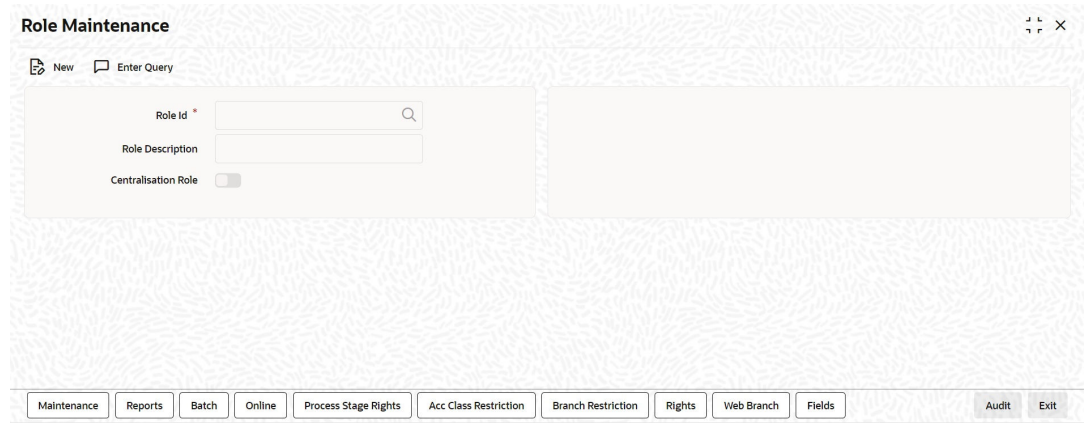

This topic provides the systematic instructions to view activate of report roles.

All the report roles end with the word '**REPORTS**'. These reports are pre-shipped as closed. These can be activated in below steps

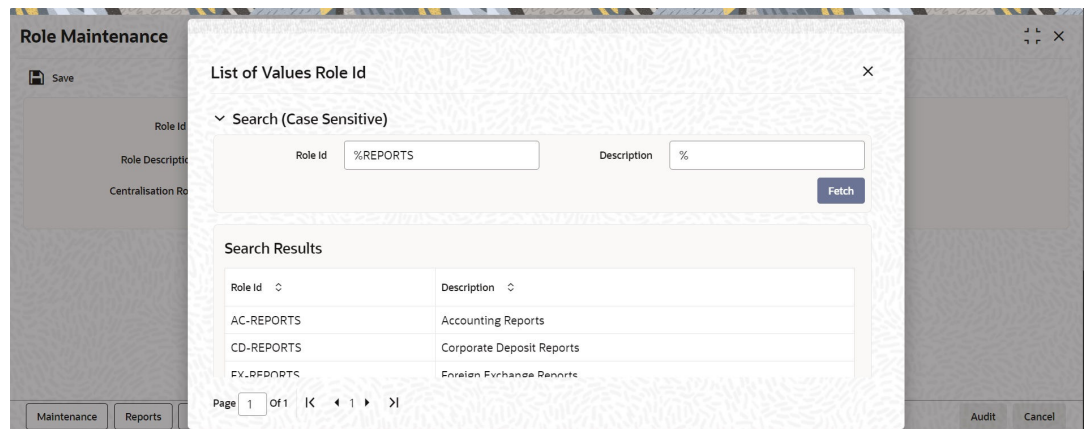

1. From the **Menu**, select **Security Management** and click **Maintenance** option.
2. Under **Maintenance**, select **Role Maintenance** to load **Role Maintenance (SMDROLDF)** screen.

User can search for report roles in role id list of values (lov).

Figure 2-2 Role Maintenance

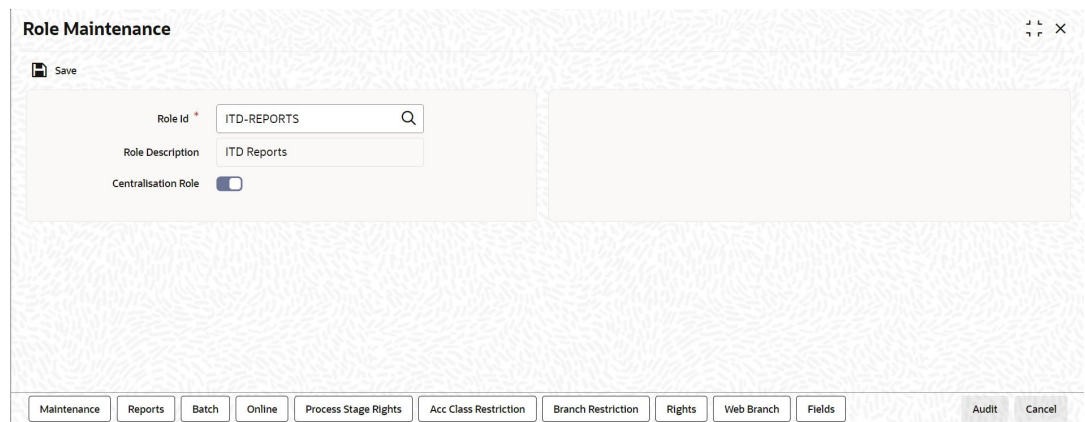

The BC module supports and handles the following functions:

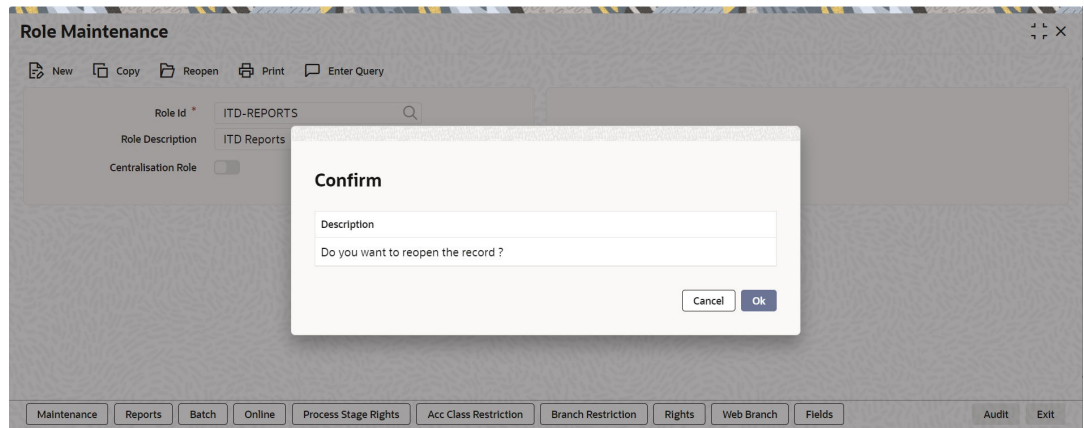

- Initially all the report roles would be in closed status, user can reopen the report roles by clicking on the button reopen.

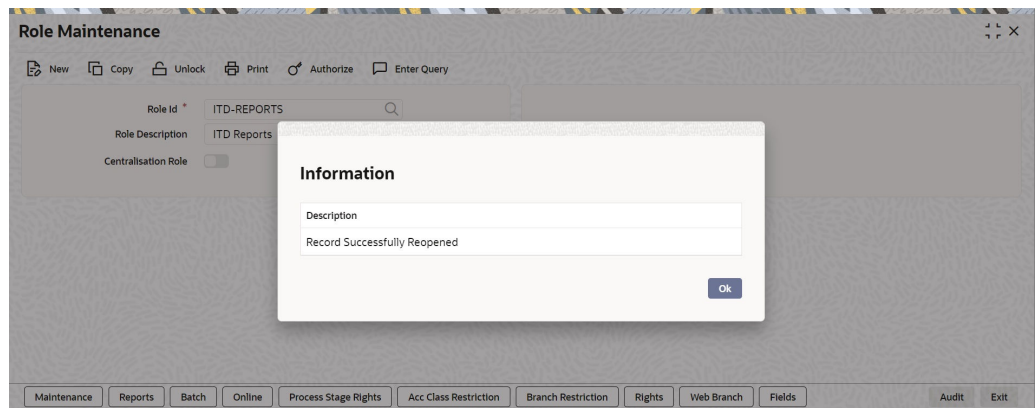

For Instance:

- User has to click on reopen button.

- The generation and printing of reports.

3

Module wise Reports

This topic contains the following:

1. [Module wise Reports in Oracle Banking Trade Finance](#)
- [Module wise Reports in Oracle Banking Trade Finance](#)

3.1 Module wise Reports in Oracle Banking Trade Finance

Module: Common Core

Table 3-1 Common Core Reports

Sr No.	Function ID	Report Name	Report Details
1	SMRBASTA	Batch Performance Statistics	Maximum, minimum and average performance record of each batch operation across all the branches in Oracle Banking Trade Finance.
2	SMRCONTL	Change Control Log	Change log details.
3	SMREVNLO	Event Log	Event log details.
4	SMRNWUSR	New User Created	New user created.
