B Annexure - Reports

Preface

- [Purpose](#)
- [Audience](#)
This document is intended for the following audience:
- [Documentation Accessibility](#)
- [Critical Patches](#)
- [Diversity and Inclusion](#)
- [Structure](#)
This manual is organized into the following chapters:
- [Conventions](#)
- [Related Documents](#)

Purpose

This manual is designed to help you to quickly get familiar with the Accelerator Pack Product Documents - BC Export Under LC module of Oracle Banking Trade Finance.

Audience

This document is intended for the following audience:

- Back Office Data Entry Clerk
- Back Office Managers/ Officers
- Product Managers, End of Day Operators, and
- Bank's Financial Controller/Trade Finance Department Manager

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

- [Access to Oracle Support](#)

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches](#), [Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Structure

This manual is organized into the following chapters:

- Preface gives information on the intended audience, structure, and related documents for this User Manual.
- The subsequent chapters provide an overview to the module.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
<code>monospace</code>	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Related Documents

For more information on any related features, you can refer to the following documents:

- Procedures User Manual
- Messaging User Manual
- Core Entities and Services User Manual
- Settlements User Manual
- Oracle Banking Common Core User Guide

1

Overview & Objectives

1.1 Introduction

A bill, as an instrument of international trade, is the most commonly used method for a seller to be paid through banking channels. Besides credit risk considerations, bills are the customary business practice for trade and a particularly important fee-earning service for any bank.

The Bills and Collections (BC) module supports the processing of all types of bills, both domestic and international. It handles the necessary activities during the entire life cycle of a bill once it is booked.

In an effort to empower your bank in handling a high volume of credit and to enable you to provide superior services to the customers of your bank, Oracle Banking Trade Finance provides you with the following features:

- The Bills and Collections module supports the processing of all types of international and domestic bills like:
 - Incoming Bills under LCs
 - Incoming Bills not under LCs
 - Outgoing Bills under LCs
 - Outgoing Bills not under LCs
 - Incoming Collections
 - Outgoing Collections
 - Usance or Sight Bills
 - Documentary or Clean Bills

You can create products, templates, or even copy the details of an existing bill on to a new one and modify it to suit your requirements. This renders the input of the details of a bill faster and easier.

- You have the flexibility to create and customize a product to suit almost any requirement under a bill. The bills associated with the product will bear characteristics that you define for it.
- The BC module is designed to handle the interest, charges, or fees related to a bill and record amendments to the original terms of the bill.
- The BC module actively interacts with the LC module of Oracle Banking Trade Finance. This enables easy retrieval of information for bills drawn under an LC that was issued at your bank. Most of the details maintained for the LC will be defaulted to the bill when you indicate the reference number of the LC involved in the bill. This eliminates the need to re-enter the details of the LC all over again.
- The Central Liability sub-system automatically controls the booking of a bill against the credit lines assigned to the customer before the bookings are made. Oracle Banking Trade Finance also supports tracking your bank's exposure for a bill to several parties.
- You have the option to automate periodic processes such as:

- The application of floating interest rates to the components of a bill as and when they change
- The movement of a bill from a given status to another
- Accrual of interest due to a bill
- Liquidation of bills on the liquidation date that you indicate
- Generation of tracers on the due date

These will be processed as part of the batch processes run at BOD or EOD. The system automatically calculates the date on which the events should take place, based on the frequency and the date specified for the bill.

- The module also supports automated follow-up and tracer facility for payments and acceptance. Tracers can be automatically generated at an indicated frequency until a discrepancy is resolved.
- When a repayment against the bill, is not made on the due date, you may want to do an aging analysis for the bill. You can define the number of days that the bill should remain in a given status, the sequence in which a bill should move from one status to another and also indicate the direction of movement (forward or reverse). You can follow-up on the repayment of a bill by generating reports which detail the status of aging bills.
- Depending on the processing requirements of your bank, you can define and store the standard documents, clauses, and instructions and free format texts. These details can be incorporated and printed onto the output document of the bill, by entering the relevant code. This eliminates entering the details of standard components of a bill every time you need to use them.
- Bills can be carried over several stages during the day. After a bill has been entered, it can be verified and authorized on-line before further processing.
- Information services for managerial and statistical reporting such as on-line transactions, status report and the immediate retrieval of information of the bills processed at your bank can be generated.
- Oracle Banking Trade Finance's Graphic User Interface (GUI) facilitates ease of input. Pick lists are provided wherever possible. This makes the module both efficient and easy to use.
- The media supported include Mail, Telex and SWIFT.
- The BC module supports and handles the following functions:
 - Open/Amend a bill
 - The authorization of bill contracts
 - The reversal and liquidation of interest and charges
 - Customer inquiries
 - The generation of tracers and advices
 - The generation and printing of reports
- On-line help - indicates that you can invoke global help by making use of the Help option in the Menu bar. You can also invoke on-line context sensitive help, which is made available to you, if you strike the hot key <F1> while in the application. A window pops up displaying information associated with the field from which you invoked it.
- Event reversal for previous version created event.

2.2.1 Introduction

These Products are used to book the Outgoing Documentary Usance Bills under LC on Acceptance, for both Credit Compliant & Discrepant Document Submitted by the Exporter. These Product can be used for even Remitting Proceeds from the Reimbursing Bank through Reimbursement Claim as well for Acceptance to Discount, Discount to Forfeiting, Acceptance to Forfeiting also. When a LC is transferred with Allow substitution the bill under transferred type of LC can be linked to the Export BC contracts under this products.

2.2.2 Business Scenario

Scenario 1 - Credit Compliant Doc Submission

Negotiating bank received Documents from Beneficiary, and scrutinizes the docs. If the docs are Credit Compliant, Mark Bills as Credit Compliant and send MT754 and Docs to the Issuing Bank. Send MT742 before 'n' Maturity days to the Reimbursing Bank (If the Payment is routed through reimbursing Bank) on receipt of MT756 from reimbursing bank/Issuing Bank Debit the Nostro for the Bill Amount & credit the Customer.

Scenario 2 - Discrepancy Notice and Request for Acceptance by Importer

Negotiating bank received Documents from Beneficiary, and Scrutiny the docs. If the docs are with discrepancy, Mark bill as Discrepant and send MT750 discrepancy advice to Issuing bank. If issuing bank refuses to accept the doc and send MT796, on receipt of MT796 the exporter is informed for the same.

On the later date if the discrepancies are resolved & on receipt of MT752 mark Discrepancies are resolved and send MT754 along with Docs.

On receipt of MT756 from Reimbursing bank/Issuing Bank Debit the Nostro for the Bill Amount & credit the Customer.

Scenario 3 – Discount Request from the exporter

Negotiating bank received Documents from Beneficiary, and scrutinizes the docs. If the docs are Credit Compliant, Mark Bills as Credit Compliant and send MT754 and Docs to the Issuing Bank.

On receipt of acceptance advice from issuing bank (MT 799). Negotiating Bank proceed with discount to the exporter. On maturity upon receipt of MT756 from reimbursing bank/Issuing Bank Debit the Nostro for the Bill Amount & credit the Bill Discount.

Scenario 4 – Protest for Non - Acceptance

Negotiating bank received Documents from Beneficiary, and scrutinizes the docs. If the docs are Credit Compliant, Mark Bills as Credit Compliant and send MT754 and Docs to the Issuing

Bank. If the Negotiating bank receives MT734 from issuing bank, Due to Importer finds Discrepancy. The same will be advised to exporter thru Advising/ Negotiating bank. If the exporter finds all the documents are perfect then Exporter Requests the Advising / Negotiating bank to protest the bill, For the Same Protest Advice will generate and Sent to the issuing Bank.

Scenario 5 – Export Forfeiting (Without Recourse after Bill Acceptance)

After Acceptance if the exporter request the Negotiating bank for Forfeiting, the Negotiating bank will send the documents to forfeiter, the same will intimated to the issuing bank.

The forfeiter requests for confirming the acceptance, upon receipt of acceptance confirmation, the forfeiter will pay for the bill. On receipt of payment from forfeiter the Negotiating bank will debit the Nostro and credit the customer Account.

2.3.1 Introduction

This Product is used to book the Outgoing Documentary Sight Bills under LC on Negotiation, for both Credit Compliant & Discrepant Document Submitted by the Exporter. This Product can be used for even Remitting Proceeds from the Reimbursing Bank through Reimbursement Claim. Negative Interest is allowed for this Product. When a LC is transferred with Allow substitution the bill under transferred type of LC can be linked to the Export BC contracts under this products.

2.3.2 Business Scenario

Scenario 1 - Credit Compliant Doc Submission

Negotiating bank received Documents from Beneficiary, and scrutinizes the docs. If the docs are Credit Compliant, Mark Bills as Credit Compliant and send MT754 and Docs to the Issuing Bank.

Negotiating bank will negotiate the bill and Debit the Bills Negotiated Credit the Customer Account.

Send MT742 to the Reimbursing Bank (If the Payment is routed through reimbursing Bank) on receipt of MT756 from reimbursing bank/Issuing Bank Debit the Nostro for the Bill Amount & credit Bills Negotiated.

Scenario 2 - Discrepancy Notice and Sending Docs on Approval Basis

Negotiating bank received Documents from Beneficiary, and Scrutiny the docs. If the docs are with discrepancy, Mark bill as Discrepant and send MT750 discrepancy advice to Issuing bank and mark the bill under Reserve. If issuing bank refuses to accept the doc and send MT796, on receipt of MT796 the exporter is informed for the same.

On the later date if the discrepancies are resolved & on receipt of MT752 mark Discrepancies are resolved and send MT754 along with Docs.

Negotiating bank will negotiate the bill and Debit the Bills Negotiated Credit the Customer Account.

Send MT742 to the Reimbursing Bank (If the Payment is routed through reimbursing Bank) on receipt of MT756 from reimbursing bank/Issuing Bank Debit the Nostro for the Bill Amount & credit Bills Negotiated.

2.6.1 Introduction

These Products are used to book the Outgoing Documentary Sight/Multi Tenor Bills under LC on Negotiation, for both Credit Compliant & Discrepant Document Submitted by the Exporter.

These Products can be used for even Remitting Proceeds from the Reimbursing Bank through Reimbursement Claim.

One of the Purpose can be To Settle the Pre shipment Loan (Full Bill Amount).

Part Purchase- Liquidate one Loan & Credit the remaining Proceeds to the exporter.

2.6.2 Business Scenario

Scenario 1 - Credit Compliant Doc Submission

Negotiating bank received Documents from Beneficiary, and scrutinizes the docs. If the docs are Credit Compliant, Mark Bills as Credit Compliant and send MT754 and Docs to the Issuing Bank.

Negotiating bank will negotiate the bill and Debit the Bills Negotiated Credit the Loan Account.

Send MT742 to the Reimbursing Bank (If the Payment is routed through reimbursing Bank) on receipt of MT756 from reimbursing bank/Issuing Bank Debit the Nostro for the Bill Amount & credit Bills Negotiated.

Scenario 2 - Discrepancy Notice and Sending Docs on Approval Basis

Negotiating bank received Documents from Beneficiary, and Scrutiny the docs. If the docs are with discrepancy, Mark bill as Discrepant and send MT750 discrepancy advice to Issuing bank and mark the bill under Reserve.

On the later date if the discrepancies are resolved & on receipt of MT752 mark Discrepancies are resolved and send MT754 along with Docs.

Negotiating bank will negotiate the bill and Debit the Bills Negotiated Credit the Loan Account.

Send MT742 to the Reimbursing Bank (If the Payment is routed through reimbursing Bank) on receipt of MT756 from reimbursing bank/Issuing Bank Debit the Nostro for the Bill Amount & credit Bills Negotiated.

B

Annexure - Reports

Reports Availability

BC Automatic Processing Exceptions Report

This report lists the BC contracts for which the automatic process have failed due to exceptions. The Report is sorted by the product code and BC reference number. The Event which has failed in EOD and reason for failure will be available in the Report.

Bills & Collections Daily Activity Journal

This report lists all the activities done in the Bills and collections module for the given day. The Report is sorted by the BC contract reference number. The List of activities will include the following:

- Booking a BC Contract
- Initiation of a BC Contract
- Approval of Document Discrepancies
- Acceptance of a Bill
- Protest of Non Acceptance/Non Payment of Draft
- Refusal of Bill/Draft Acceptance/Payment
- Amendment of BC Contract
- Acknowledgement Received
- Accrual
- Closure of a BC Contract
- Liquidation of a BC Contract
- Reduction of Bill Amount
- Discounting accepted Bill
- Forfeiting of Discounted Bill
- Reimbursement Claim N days before Maturity
- Reversal of BC contracts
- Change of Operations

Bills & Collections Contract Overrides Report

This report lists the warnings that have been overridden to save a BC contract. The Report is sorted by BC contract reference number.

List of Maturing Bills

This report lists the BC contracts that will mature on the given date (entered while generating the report). The Report is sorted by BC contract reference number. The report lists details including Bill amount, maturity date, type of bill etc.

BC List of Overdue Items- Acceptances

This report lists the BC contracts which are overdue. The report lists contracts with operation as Acceptance which are supposed to be liquidated, but are still in Active status. The Report is sorted by BC contract reference number.

BC List of Overdue Items - Payments

This report lists the BC contracts which are overdue. The report lists contracts with operation as Payment which are supposed to be liquidated, but are still in Active status. The Report is sorted by BC contract reference number.

List of Bills Eligible for Re-Discounting

This report lists the BC contracts which are overdue. The report lists contracts with operation as Payment which are supposed to be liquidated, but are still in Active status. The Report is sorted by BC contract reference number.

List of Bills Eligible for Re-Discounting

This report lists the BC contracts which are available for Re-discounting. The Report is sorted by BC contract reference number.

List of Bills under Protest

This report lists the BC contracts which are in protest status. The report lists contracts which are in protest for either non-acceptance or non-payment. The Report is sorted by BC contract reference number.

List of Bills under Reserve

This report lists the BC contracts which are in Reserve status. The Report is sorted by BC contract reference number.
