Preface

- [Purpose](#)
- [Audience](#)

This document is intended for the following audience:
- [Documentation Accessibility](#)
- [Critical Patches](#)
- [Diversity and Inclusion](#)
- [Structure](#)

This manual is organized into the following chapters:
- [Conventions](#)
- [Related Documents](#)
- [Screenshot Disclaimer](#)
- [Acronyms and Abbreviations](#)
- [Basic Actions](#)
- [Symbols and Icons](#)

Purpose

This manual is designed to help you quickly get acquainted with the **Trade 360 Degree** handled in Oracle Banking Trade Finance Process Management.

Audience

This document is intended for the following audience:

- Oracle Implementers
- Customer Service Representatives (CSRs)
- Oracle user

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches](#), [Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Structure

This manual is organized into the following chapters:

- Preface gives information on the intended audience, structure, and related documents for this User Manual.
- The subsequent chapters provide an overview to the module.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Related Documents

For more information on any related features, you can refer to the following documents:

- Getting Started User Guide
- Oracle Banking Common Core User Guide

Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

Acronyms and Abbreviations

The list of the acronyms and abbreviations that are used in this guide are as follows:

Table 1 Acronyms and Abbreviations

Abbreviation	Description
OBTFFPM	Oracle Banking Trade Finance Process Management
LC	Letter of Credit
BC	Bankers Cheque
FX	Foreign Exchange
CCY	Currency
LCY	Local Currency
FCY	Foreign Currency
LOV	List of Values
CIF	Customer Information File
UDF	User Defined Fields
FFT	Free Format Text
SBLC	Standby Letter of Credit

Basic Actions

Most of the screens contain Action Buttons to perform all or a few of the basic actions. The actions which are called here are generic, and it varies based on the usage and the applicability. The table below gives a snapshot of them:

Table 2 Common Action Buttons and its Definitions

Action Buttons	Description
Reject	<p>On click of Reject, user must select a Reject Reason from a list displayed by the system.</p> <p>Reject Codes are:</p> <ul style="list-style-type: none"> • R1- Documents missing • R2- Signature Missing • R3- Input Error • R4- Insufficient Balance/Limits • R5 - Others <p>Select a Reject code and give a Reject Description. This reject reason will be available in the remarks window throughout the process.</p>

Table 2 (Cont.) Common Action Buttons and its Definitions

Action Buttons	Description
Refer	Select a Refer Reason from the values displayed by the system. Refer Codes are: <ul style="list-style-type: none"> • R1- Documents missing • R2- Signature Missing • R3- Input Error • R4- Insufficient Balance/Limits • R5 - Others
Hold	The details provided will be saved and status will be on hold. User must update the remarks on the reason for holding the task. This option is used, if there are any pending information yet to be received from applicant.
Cancel	Click Cancel to cancel the transaction input midway without saving any data.
Save & Close	Click Save & Close to save the details provided and holds the task in 'My Task' queue for further update. This option will not submit the request.
Next	Click Next , system validates if all the mandatory fields have been captured. Necessary error and override messages to be displayed. On successful validation, system moves the task to the next data segment.
Submit	Click Submit to complete the transaction after you specify all the input parameters for a particular process. The task will get moved to next logical stage of the process. If mandatory fields have not been captured, system will display an error message until the mandatory fields data are provided.

Symbols and Icons

Trade 360 Degree

This process illustrates the Trade 360 Degree handled in Oracle Banking Trade Finance Process Management.

Corporates usually have multiple Trade transaction involving various trade products, the Trade 360 widget allows the user to view wholistically.

The Trade 360 allows the user to view all the Trade transactions booked by the customer in various trade products in a single page. The user can view Trade-360 details through widget and through Menu.

Following are the tabs in Trade 360 Degree screen.

- Trade 360 Summary
- Documentary Credit
- Documentary Collection
- Guarantees and Stand By LCs
- Limits

On Customer ID Search, the Trade 360 page loads with the transaction details by default. On visiting of each tab, the transaction pertaining to each widget should display based on the filter criteria. The user can set the filter criteria for each widget and the results get displayed based on the filter criteria. The user can view the transaction details as separate screen (read only), by clicking the Reference number link in any of the table grid. The facility of switching over from the Table structure to Pie chart mode and vice versa is also available in the screen.

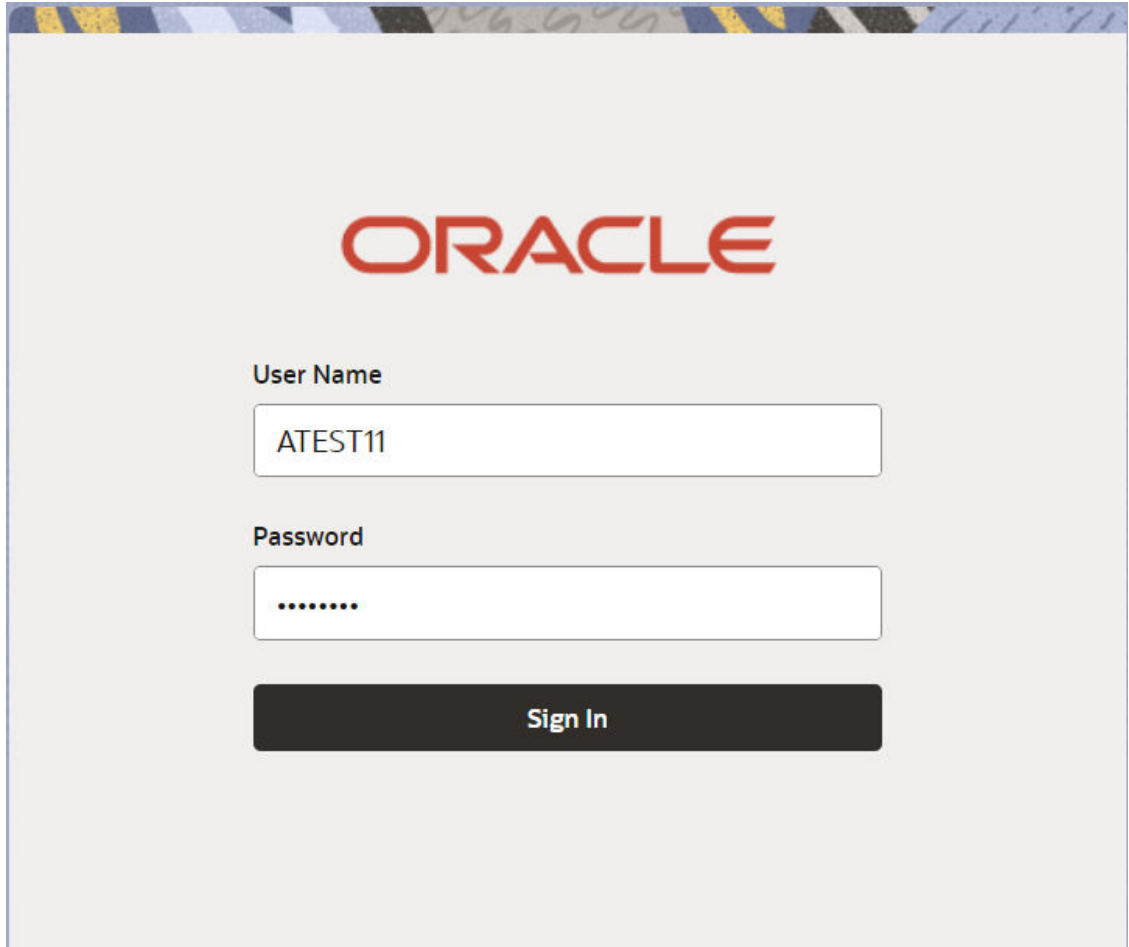

This topic contains following sub-topics:

- [Accessing Trade 360 Degree](#)
This topic provides the information to the user to access Trade 360 Degree. In the subsequent steps, let's look at the steps to access Trade 360 Degree:

1.1 Accessing Trade 360 Degree

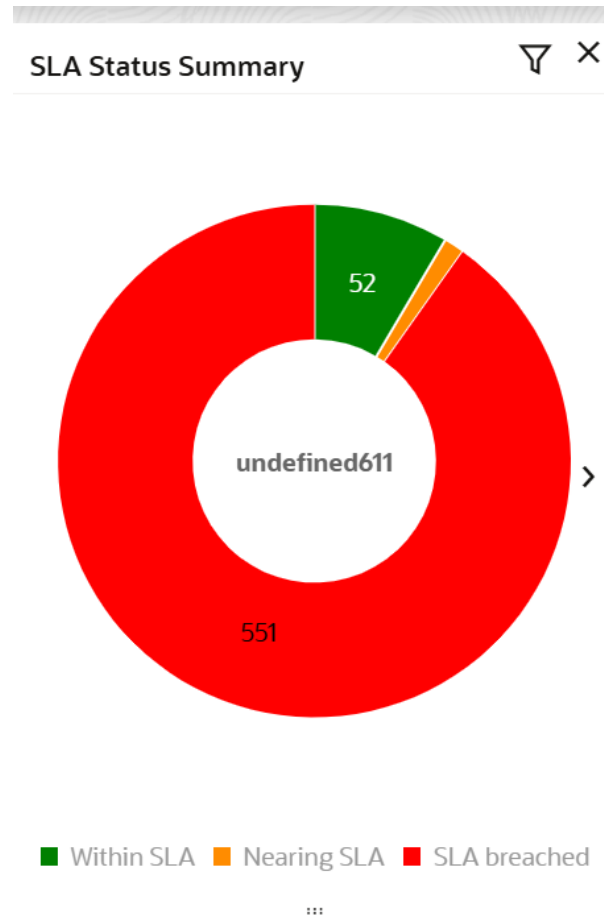

This topic provides the information to the user to access Trade 360 Degree. In the subsequent steps, let's look at the steps to access Trade 360 Degree:

Specify **User ID** and **Password**, and login to **Home** screen.

The image shows the Oracle login interface. At the top center is the Oracle logo in red. Below it, there are two input fields. The first is labeled "User Name" and contains the text "ATEST11". The second is labeled "Password" and contains seven dots. Below the password field is a dark grey button with the text "Sign In" in white.

1. On login, user must be able to view the dashboard screen with widgets as mapped to the user.
2. On **Home** screen, click **Trade Finance**. Under **Trade Finance**, click **Trade 360 Degree**.

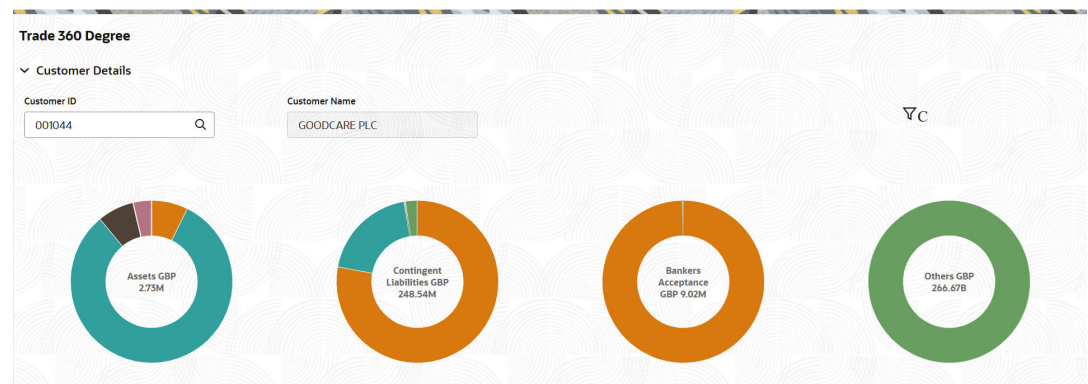

Figure 1-1 Trade 360 Degree - Menu

The **Trade 360 Degree** screen is displayed.

3. On **Trade 360 Degree** screen, specify the fields.

The **Trade 360 Degree** screen with pie chart is displayed.

For more information on fields, refer to the field description table below.

Table 1-1 Trade 360 Degree - Field Description

Field	Description
Customer ID	Click Search icon to search and select the Customer ID.
Customer Name	This field displays the Customer Name based on the selected Customer ID.

4. On **Trade 360 Degree** screen, click the  icon.

The **Trade 360 Summary** screen will display the details. The user can click each tab to view the details.

- [Customer 360 Degree Summary](#)
This topic provides the information to the user to view the Trade 360 Degree Summary screen.
- [Customer 360 Degree - Pie Chart View](#)
This topic provides the information to the user to view the Trade 360 Degree Summary screen.
- [Documentary Credit Tab](#)
This topic provides the information to the user to view the Trade 360 Degree - Documentary Credit Tab screen.
- [Documentary Collection Tab](#)
This topic provides the information to the user to view the Trade 360 Degree - Documentary Collection Tab screen.
- [Guarantee and Stand-By-LCs Tab](#)
This topic provides the information to the user to view the Trade 360 Degree - Guarantee and Stand-By-LCs Tab screen.
- [Limit Tab](#)
This topic provides the information to the user to view the Trade 360 Degree - Limit Tab screen.
- [Transaction Details](#)
This topic provides the information to the user about the transaction details.

1.1.1 Customer 360 Degree Summary

This topic provides the information to the user to view the Trade 360 Degree Summary screen.

The Summary Tab displays the Outstanding Balances of trade transactions in various heads like Documentary Credit (Import & Export), Documentary Collection (Import & Export), and Guarantees and Stand-By-LCs. The user can click each head to view the details
