Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at Critical Patches, Security Alerts and BulletinsCritical Patches, Security Alerts and Bulletins. All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by Oracle Software Security AssuranceOracle Software Security Assurance.

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Structure

This manual is organized into the following chapters:

- Preface gives information on the intended audience, structure, and related documents for this User Manual.
- The subsequent chapters provide an overview to the module.

Oracle Banking Trade Finance Process Management

This topic helps you quickly get acquainted with the Oracle Banking Trade Finance Process Management process.

Welcome to the Oracle Banking Trade Finance Process Management (OBTFPM) User Guide. This guide provides an overview on the OBTFPM application and takes you through the various steps involved in creating and processing Trade Finance transactions.

This document will take you through following activities in OBTFPM:

- To create and handle Trade Finance transaction.
- Help users to conveniently create and process Trade Finance transaction

Overview

OBTFPM is a Trade Finance middle office platform, which enables bank to streamline the Trade Finance operations. OBTFPM enables the customers to send request for new Trade Finance transaction either by visiting the branch (offline channels) or through SWIFT/Trade Portal/other external systems (online channels).

Benefits

OBTFPM helps banks to manage Trade Finance operations across the globe in different currencies. OBTFPM allows you to:

- Handle all Trade Finance transactions in a single platform.
- Provides support for limit verification and limit earmarking.
- Provide amount block support for customer account.
- Provides acknowledgement to customers.
- Enables the user to upload related documents during transaction.
- Enables to Integrate with back end applications for tracking limits, creating limit earmarks, amount blocks, checking KYC, AML and Sanction checks status.
- Create, track and close exceptions for the above checks.
- Enables to use customer specific templates for fast and easy processing of trade transactions that reoccur periodically.

Key Features

- Stand-alone system that can be paired with any back end application.
- Minimum changes required to integrate with bank's existing core systems.
- Faster time to market.
- Capable to interface with corporate ERP and SWIFT to Corporate.
- Highly configurable based on bank specific needs.
- Flexibility in modifying processes.

Guarantee Advise Amendment - Islamic

Conventional Guarantee Advise Amendment process enables the user to make an amendment to the Guarantee, which had been already advised.

The common amendments that are made to Guarantee Advised are:

- Expiry date
- Increase/Decrease in Guarantee amount
- Change to the existing Terms and Conditions.

The amendments may need consent from the beneficiary of the amendment. In such scenarios, after the processing of amendment, the amended Guarantee Advise is parked awaiting beneficiary consent. The various stages involved for Guarantee Advise Amendment are:

- Receive and verify documents (Non Online Channel)- Registration stage
- Input amendment application details
- Upload of related mandatory and non-mandatory documents
- Verify/capture details (SWIFT MT767, 775/Non Online Channels)- Data Enrichment stage
- Check for limit availability if applicable
- Check balance availability for amount block
- Check for sanctions & KYC status Earmark limits/Create amount block for cash margin/ charges if applicable Capture remarks for other users to check and act Hand off request to back office

In the following sections, let's look at the details for Islamic Guarantee Amendment Advising process:

This topic contains following subtopics:

2.3 Data Enrichment

This topic provides the systematic instructions to initiate the Data Enrichment stage of Guarantee Advise Amendment Islamic request.

A Data Enrichment user can enrich the request for Islamic Guarantee Advise Amendment. As part of Data Enrichment, user can enter/update basic details of the incoming request. The task initiated from the online channel (SWIFT MT767, 775 parsing) should be created in the Data Enrichment stage directly as in conventional process flow.

For expired line of limits, the task moves to "Limit Exception" stage under Free Tasks, on 'Submit' of DE Stage with the reason for exception as "Limit Expired".

Do the following steps to acquire a task which completed the registration and scrutiny and currently at Data enrichment stage.

Specify User ID and Password, and login to Home screen.

- 1. On Home screen, click, Tasks.
- 2. Under Tasks, click Free Tasks.

Figure 2-6 Free Tasks

The Free Tasks screen gets displayed.

- Select the appropriate task and click Acquire & Edit to edit the task or click Acquire to edit the task from My Tasks.
- 4. The acquired task will be available in **My Tasks** tab. Click **Edit** to scrutinize the registered task.

Figure 2-7 My Tasks

In the subsequent sub sections, let's look at the details for Data Enrichment stage. You should be able to enter/update the fields. Some of the fields that are already having value from Registration/Online channels may not be editable.

The Data Enrichment stage has the following hops for data capture:
