Purpose

This guide provides step-by-step instructions to onboard a Financial Institution (FI) customer using Oracle Banking Enterprise Party Management.

Audience

This guide is intended for the bankers who are responsible for onboarding FI customers into the bank.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Related Resources

For more information, refer to the related documents as follows:

- *Getting Started User Guide*

Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

Acronyms and Abbreviations

The following acronyms and abbreviations are used in this guide:

Table Acronyms and Abbreviations

Acronym/ Abbreviation	Description
BIC	Bank Identification Code
CIF	Customer Information File
FI	Financial Institution
KYC	Know Your Customer
MICR	Magnetic Character Ink Recognition
RTGS	Real Time Gross Settlement
SME	Small and Medium Enterprise

Basic Actions

Most of the screens contain icons to perform all or a few of the basic actions. The actions which are called here are generic, and it varies based on the usage and the applicability. The table below gives a snapshot of them:

Table Common Icons and its Definitions

Icon	Operation
Submit	Click Submit to default the checklists applicable for the stage based on the application category. On verifying all the checklists and on the selection of the outcome, the task will be submitted.
Post	Click Post to post the comments below the Comments text box.
Cancel	Once you click Cancel , the system will ask for confirmation, and on confirming, the task will be closed without saving the data.
Hold	Click Hold to save the captured details and suspend the task status. The suspended task will be available in the Hold queue. This option is used if there is any pending information to be captured. If mandatory fields have not been captured, the system will display an error until the mandatory fields have been captured.
Next	Click Next to save the captured details and then the system will move to the next screen. If mandatory fields have not been captured, the system will display an error until the mandatory fields have been captured. If mandatory fields have not been captured, the system will display an error until the mandatory fields have been captured.
Back	Click Back to save the captured details and move to the previous screen.
Save and Close	Click Save and Close to save the captured details. If mandatory fields have not been captured, the system will display an error until the mandatory fields are captured.

Financial Institution Customer Onboarding

This topic describes about the Financial Institution Customer Onboarding.

This topic contains the following subtopics:

- [Overview](#)
Financial Institution Customer Onboarding is an umbrella term that is often used to describe the entire process that users go through when they start their journey as a customer of a banking product or service.
- [Onboarding Initiation](#)
This topic provides the systematic instruction to capture the basic demographic information about the Financial Institution customer to be onboarded using Oracle Banking Enterprise Party Management.
- [KYC](#)
This topic provides the systematic instruction to capture the KYC information about the Financial Institution customer to be onboarded using Oracle Banking Enterprise Party Management.
- [Onboarding Enrichment](#)
This topic describes about the relationship manager can capture detailed information about the financial institution customer to be added in the Oracle Banking Enterprise Party Management.
- [Review](#)
In the Review stage, the final reviewer reviews the customer details and moves the task to the *Approval* stage if the details are appropriate. If the details are inappropriate, the reviewer can send the task back to the previous stage.
- [Recommendation](#)
In this stage, the Recommending user reviews the progress done so far and provides recommendations for each of the data segments with a decision as approve/reject.
- [Approval](#)
In this stage, the approver reviews the activity done across all the stages and provides final signoff to approve the customer onboarding.
- [Amendment](#)
In this stage, the Relationship Manager can amend the information or can add additional information about a Financial Institution customer using Oracle Banking Enterprise Party Management.

1.1 Overview

Financial Institution Customer Onboarding is an umbrella term that is often used to describe the entire process that users go through when they start their journey as a customer of a banking product or service.

Onboarding is an ongoing process, which helps banks to create a relationship with customers. In a bank there would be Relationship Manager for every Financial Institution customer, the respective Relationship Manager would take care of the customer to successfully onboard into the bank.

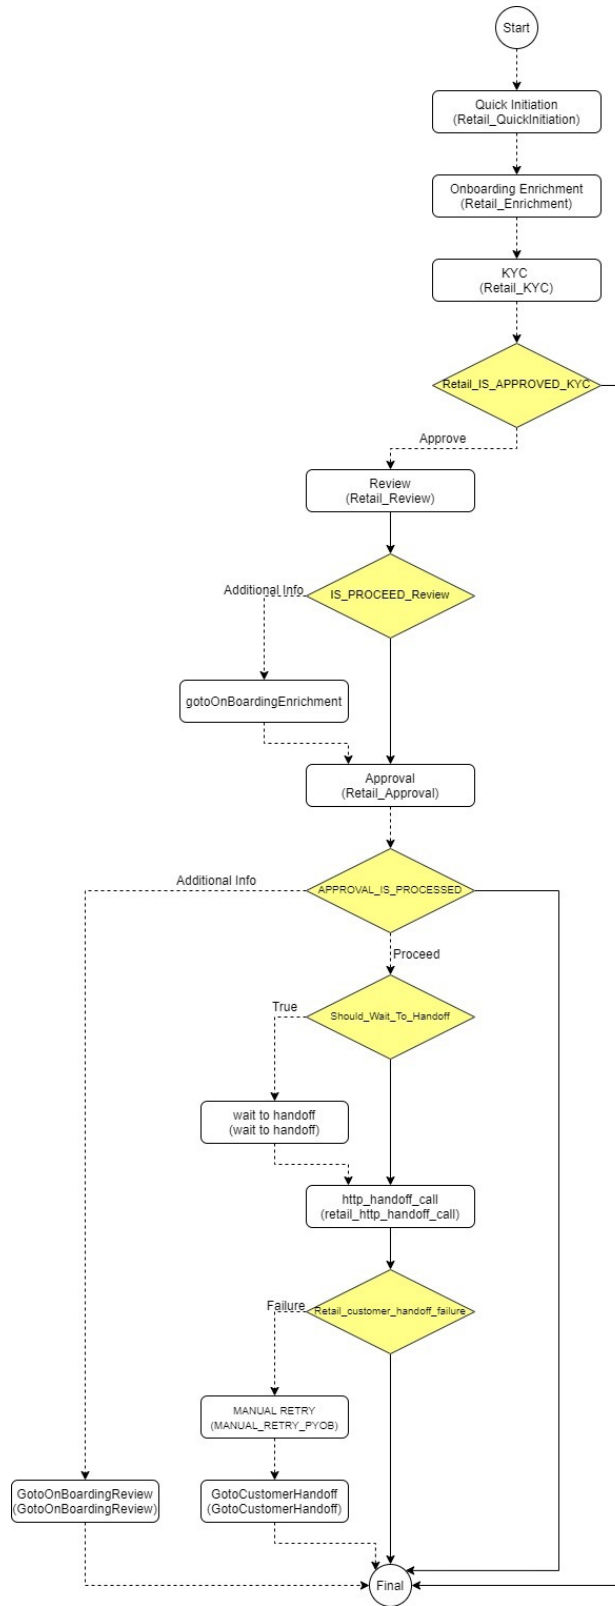

The various activities performed for the Financial Institution Customer Onboarding process are:

- Initiation
- KYC
- Enrichment
- Review
- Recommendation
- Approval

Process Flow Diagram

The flow diagram illustrating the different stages in the Financial Institution Customer Onboarding process is shown below for reference:

Figure 1-1 Financial Institution Onboarding Process Flow

Phone Number	Specify the phone number of the customer.
Preferred	Specify the preferred phone number, in case more than one phone number is captured.

12. On the **Add Address** screen, in the **Media** segment, specify the details under the **Email** tab.

Figure 1-20 Email

13. On the **Email** tab, click **+** icon.
The **Add Email** pop-up screen is displayed.
14. Specify the details in the **Add Email** pop-up screen. For more information on the fields, refer to the field description table.

Table 1-11 Media (Email) – Field Description

Field	Description
Email Id	Specify the email id of the customer.
Preferred	Specify the preferred email id, in case more than one email id is captured.

- On the **Add Address** screen, in the **Media** segment, specify the details under the **FAX** tab.

Figure 1-21 FAX

- On the **Fax** tab, click **+** icon.
The **Add Fax Number** pop-up screen is displayed.
- Specify the fields under **Add Fax Number** pop-up screen. For more information on fields, refer to the field description table.

Table 1-12 Media (Fax) – Field Description

Field	Description
ISD Code	Specify the ISD code for the FAX number of the customer.
Area Code	Specify the area code for the FAX number of the customer.
Fax Number	Specify the FAX number of the customer.
Preferred	Specify the preferred FAX number, in case more than one FAX number is captured.

- On the **Add Address** screen, in the **Media for Address** segment, specify the details under the **SWIFT** tab.

Figure 1-22 SWIFT

1.4.1.3 Rating

This topic provides the systematic instruction to capture the credit ratings details about the Financial Institution customer.

Note:

The fields marked as **Required** are mandatory.

1. Click on **Rating** tab in the **Customer Profile** screen to add the address information for Financial Institution customer.

The **Demographic Details – Rating** screen displays.

Figure 1-23 Demographic Details – Add Rating

2. Specify the required details in the **Rating** segment.

For more information on fields, refer to the field description table.

Table 1-13 Demographic Details – Rating – Field Description

Field	Description
Rating Date	Select the date on which the rating was updated.
Outlook	Specify the credit rating agency output for the customer.
Year Of Rating	Specify the year of the rating.
Risk Rating	Specify the credit rating by selecting the rating agency and the corresponding rating.

3. Click **OK** to save the details.

1.4.2 Financial Profile

This topic provides the systematic instruction to enrich the customer's financial information in the **Financial Profile**.

 **Note:**

The fields marked as **Required** are mandatory.

1. On the **Party Details** screen, click on the **Financial Profile** section

The **Financial Profile** screen displays.

2. Click **+** icon to add the financial profile.

The **Add Financial Profile** screen displays.

Figure 1-24 Add Financial Profile

For more information on fields, refer to the field description table.

Table 1-14 Add Financial Profile – Field Description

Field	Description
Year	Specify the year for which the financial details will be captured.
Balance Sheet Size	Specify the balance sheet size of the Financial Institution for the selected year.
Operating Profit	Specify the operating profit of the Financial Institution for the selected year.
Net Profit	Specify the net profit of the Financial Institution for the selected year.
Year Over Year Growth	Specify the year-on-year growth.
Return On Investment	Specify the return on investment for the selected year.
Return On Equity	Specify the return on equity for the selected year.
Return On Asset	Specify the return on assets for the selected year.
Capital Adequacy Ratio	Specify the Capital Adequacy Ratio.
Cost to Income Ratio	Specify the Cost to Income Ratio.
Equity	Specify the Equity.
Gross Impaired Loans	Specify the Gross Impaired Loans.
Liquid Assets	Specify the Liquid Assets.
Loan Loss Res/ Impaired Loans	Specify the Loan Loss.
Net loans by deposit and Structured funding	Specify the Net Loans by Deposit.
NPA coverage ratio	Specify the NPA coverage ratio.
NPA ratio	Specify the NPA Ratio.

Table 1-14 (Cont.) Add Financial Profile – Field Description

Field	Description
Return on Avg Equity	Specify the Return on Avg Equity.
Return on Avg Assets	Specify the Return on Avg Assets.
Tier 1 CAR	Specify the Tier 1 CAR.
Total Assets	Specify the Total Assets.
Unreserved Equity	Specify the Unreserved Equity.

3. Click **Save** to save the details.

1.4.3 Revenue Generated

This topic provides the systematic instruction to add the Revenue Generated for each Financial Year.

Note:

The fields marked as **Required** are mandatory.

1. On the **Party Details** screen, click on the **Revenue Generated** section.
The **Revenue Generated** screen displays.
2. Click + icon to add the Revenue Generated.
The **Add Revenue Generated** screen displays.

Figure 1-25 Add Revenue Generated

For more information on fields, refer to the field description table.

Table 1-15 Add Revenue Generated – Field Description

Field	Description
Financial Year	Specify the year for which the financial details will be captured.
Bank Revenue Currency	Click Search icon and select the bank revenue currency.
Bank Revenue	Specify the bank revenue.

3. Click **Save** to save the details.

4. Click **Clear** to clear the details.
5. Click **Cancel** to cancel the details.

1.4.4 Stakeholders

This topic provides the systematic instruction to add the Stakeholders details.

1. On the **Party Details** screen, click on the **Stakeholders** section.

The **Stakeholders Details** screen displays.

Figure 1-26 Stakeholder

The screenshot shows the 'Stakeholder Details' interface. At the top, there are several filter buttons: 'Owners (0)', 'Authorized Signatories (0)', 'Guarantors (0)', 'Suppliers (0)', 'Bankers (0)', 'Insurers (0)', 'Buyers (0)', 'Management Team (0)', and 'Credito'. Below these is a table with columns: Party Type, CIF/Party Id, Name, ID/Registration Number, Customer, and Action. A single row is visible for an individual stakeholder.

Party Type	CIF/Party Id	Name	ID/Registration Number	Customer	Action
Individual	000117472	Jessica Jacob	j526eg8i2g	Yes	

Stakeholders Detail is necessary for the bank to ascertain the credibility of the business. Stakeholders to a customer can be either of the following:

- An existing customer of the Bank.
- An existing party that is not a customer but is a stakeholder to another customer of the bank.
- A new party, which is neither a customer nor an existing party (stakeholder).

The Following **Stakeholder** types are supported for the FI customer:

- Shareholders
- Customers
- Owners
- Authorized Signatories – Signature can be uploaded for Authorized Signatories.
- Guarantors
- Suppliers
- Bankers
- Insurers
- Buyers
- Management Team
- Sponsors
- Directors
- Contractors
- Auditors
- Debtors

- Creditors
- Advisor

 **Note:**

- User should have required access to add a party within a customer access group as stakeholder. For more details, refer to the **Oracle Banking Party Configuration User Guide**.
- User should have required Personal Identifiable Information (PII) access to add individual stakeholders, if PII fields are configured. For more details, refer to the **Oracle Banking Party Configuration User Guide**.

2. Select the corresponding Stakeholder and click + icon to add the desired stakeholder. The **Add New Owners** screen displays.

Figure 1-27 Add New Owner

On the **Add New Owners** screen:

- Specify the existing CIF if the stakeholder is an existing customer.
 - Specify the existing Party Id if the stakeholder is an existing party but not a customer (or) select from the list of the recently added stakeholders to the same application.
3. On the **Add New Owners** screen.
 - Specify the existing CIF if the stakeholder is an existing customer.
 - Specify the existing Party Id if the stakeholder is an existing party but not a customer (or) select from the list of the recently added stakeholders to the same application.

 **Note:**

If CIF/Party Id is not known, click the search icon to launch the **Search Party** screen and select from the list of values.

The **Search Party - Individual** screen displays.
