Known Issues for Oracle WebCenter Content

Learn about the issues you may encounter when using Oracle WebCenter Content.

12c (12.2.1.4) — July 2024

Issue	Description
Few titles appear gray in color for applets launched as part of desktop admin app	Few titles appear gray in color for applets launched as part of the desktop admin app running on Mac OS with M2 processor.

12c (12.2.1.4) — April 2024

Issue	Description
Albany fonts are no longer shipped	The Albany fonts are no longer shipped in the PDF Watermark component. If you want to use custom fonts (such as Albany fonts) in the PDF Watermark component, you can download the fonts available publicly and follow the steps mentioned in the below support note to set up the custom fonts: https://support.oracle.com/knowledge/Middleware/1565398_1.html .

Issue	Description
Check Out and Open/Edit does not work if JDK version is 11 or above as JNLP is not supported	<p>Check Out and Open component (that enables options such as Edit option under the Content Actions menu, Check Out and Edit option under the More menu, and Edit option under the Item Actions menu) does not work if JDK version is 11 or above as JNLP is not supported.</p> <p>Hence, in case you upgrade JDK to version 11 or above (or if you've already upgraded JDK), you'll encounter an issue. In such cases, you can follow the usual process of downloading the file first, editing it in the native application, and then checking in the updated file.</p>

Known Issues for Oracle WebCenter Content: Imaging

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.
